

WE ARE LUCKY 7 - BACK TO SCHOOL COLLABORATION DAY

Session	Description	Facilitator
FUNDAMENTALS OF CLASSROOM (New Or Alternatively Certified Teachers)	Gain practical strategies and proven techniques to establish a positive and structured learning environment. Explore effective behavior management techniques, fostering student engagement and creating an atmosphere conducive to learning, enabling you to navigate any classroom setting confidently.	OPSRC, Lori Cox
STUDENT ENGAGEMENT (ELEMENTARY)	The Truth About Hamsters! Wait...what? Join me as we uncover methods to keep the students wanting more and staying actively engaged in your content. We will activate easy strategies that you can start from day 1.	OPSRC, Alyssa McCook
STUDENT ENGAGEMENT (SECONDARY)	Join us as we explore a range of practical student engagement strategies for the secondary level. In this session, we will participate in hands-on activities that demonstrate how these strategies can be implemented in your classroom. Discover innovative ways to captivate and inspire your students while fostering a dynamic and interactive learning environment.	OPSRC, Elizabeth Pekrul
SCIENCE OF READING PRIMER	This interactive session will cover the basics of the Science of Reading (SOR). Discover the intricate connections between phonological awareness, decoding skills, and comprehension, equipping yourself with the essential knowledge to support learners of all ages in their reading journeys.	OPSRC, Tammy Dillard

TRAUMA INFORMED INSTRUCTIONAL STRATEGIES	We know kids have ACEs. Now What? Join this interactive session to explore what it truly means to be trauma-invested while gaining practical trauma-informed classroom strategies you can immediately take back and use with your students.	OPSRC, Melissa Madden
LEADERSHIP - CULTIVATING SCHOOL COMMUNITY	Thriving school communities aren't an accident! Let's discuss strategies for cultivating a sense of belonging, collaboration, and engagement among students, teachers, and parents. Gain valuable insights and tools to strengthen your school community.	OPSRC, Tammy Dillard
SPECIAL EDUCATION SERVICES	This session will provide special ed and regular ed teachers with clarification around the definition of IEP and 504 Plan accommodations, IEP modifications, and specially designed instruction as well as practical strategies to use in the classroom to support all students. The course covers accommodation and modification options, how to select and define using data based decision making, and how to ensure compliance through implementation of the IEP or 504 Plan. Participants will also be given strategies to assist in the writing process of student IEPs, Initial Placement and Re-Evaluation paperwork.	Jana Kelly
