SCOTT T. MCCUE
SUPERINTENDENT OF SCHOOLS

December 15, 2020

Dear Parents/Guardians:

I hope this correspondence finds you well during these challenging as well as festive times. The Eatontown Public Schools Faculty and Staff certainly acknowledge both the difficulties as well as the joys of the holiday season.

The district is closely monitoring the current weather situation. If in-person school operations need to change due to the weather, the district will most likely transition to a remote learning day and follow a one-session day schedule. This schedule would provide learning in the morning and provide time for students to possibly enjoy the winter weather in the afternoon. However, if the storm causes major power outages, remote learning may not be possible and a traditional emergency day may need to be used.

At this time, there is no change to the school schedule. If there is a change in the future, the change will be communicated via phone, text, email, and the district website.

Schedules for grades Pre-School through Eight are listed below for one-session days.
