Triadelphia Middle School Goes Gold!

Last week the students and staff of Triadelphia Middle School showed their support for children fighting cancer by going gold. Going Gold was a day-by-day fundraiser that allowed students to participate in daily activities and in doing so raised money for Make a Wish Foundation.

On Monday, the students wore hats to inspire cancer patients, showing support for those who have lost their hair due to chemotherapy. Cancer patients often wear hats to protect their heads from the sun and cold. On Tuesday, it was superhero day. The students wore superhero clothing because childhood cancer patients are our real superheroes. On Wednesday, the students wore pajamas like the childhood cancer patients who spend months, or even years in their pajamas or hospital gowns. Thursday was “Team up” against cancer day. Students wore Triadelphia’s colors to show childhood cancer patients that we are on their team. Friday, students were wearing gold because childhood cancer warriors are golden.

Go gold week was such a success that TMS raised \$850 and counting. At Triadelphia, **WE GO GOLD!**
