Participation: We served about 12,000 meals in September and just over 18,000 meals in October. November was a shorter month with only 17 school days, but we still managed to put out 18,592 meals.

Remote Meals: The remote meal program is serving about 135 of our students and about 60% of those students are fully remote students. Some are partially remote, and some are toddlers. The program runs on Wednesdays. Today was our last meal distribution day until Wednesday, January 6th. We will continue with Wednesdays until the end of the school year with the exception of school vacations.

Current Events: Although we have hired some people this year, we are still short-handed in our kitchens. Despite that, we were able to work a few extra hours this week to pull out some reindeer hot chocolate muffins for our students - whole grain, of course! Thanks to Heidi at VRS for the suggestion. It caught on! Lucky for us, anything with a red nose suggests Rudolph the Red Nosed Reindeer at this time of year! If not for that we might have to work a little harder to explain our little muffin-like creatures!
