

Inclement Weather (Storm Day Procedure as follows)

1. All information will be announced first on KEYZ, then on KUMV-TV, KXMD-TV, and KDSR. The first announcement will be about 7:00 a.m., earlier if possible from Alert Now.
2. On blustery days we may announce that buses will run one hour late. That will give bus drivers and Superintendent/Principal time to determine the severity of the storm. This will be announced on radio, TV, and Alert Now.
3. If the weather is severe, school will be called off by the Superintendent or designated Principal. It is possible that one or more schools may close while others in the district may stay open. PLEASE LISTEN CAREFULLY TO NEWS ANNOUNCEMENTS.
4. When school is canceled in the middle of the day, it will be announced on radio, TV, and Alert Now. If the children know no one will be home, they may call a parent to ask for instructions or if they may ride on the bus to town, and be picked up at the District Office.

However, arrangements must be made to pick up the student as soon as possible after arrival at the office. Please notify the bus driver by phone or written notice where, on the bus route, he can drop your child should you not be home.
