

IMESD Board Goals 2020-2021

In 2017, the IMESD Board created a vision for the organization by developing a 10-Year Plan, detailing core beliefs and priorities. In order to implement this vision, agency staff developed goals in each of the four core service areas:

Special Education

Special Education will cultivate quality relationships by ensuring accuracy, availability and professionalism.

Instructional Services

Instructional Services will support district and school improvement objectives through proactively communicating, leading innovation, and providing exemplary instructional learning opportunities.

Technology

Information Technology will deliver an excellent customer experience by proactively building strong relations and communicating specialized services.

Administrative Services

Administrative Services will maintain district outreach, with an emphasis on quality customer service.

MISSION

To provide outstanding customer service to our school districts in four areas: special education, technology, school improvement, and administrative services.

VISION

IMESD strives to ensure the success of every child by providing equitable services to close the opportunity gap. We are committed to the values of antiracism and multiculturalism.
