# SAFETY AROUND WATER

## FREE Program for Walworth County Second Graders

The Walworth County schools are working together with the Geneva Lakes Family YMCA to offer second graders (in-person or virtual learners) the Safety Around Water Program! This program can be delivered in the classroom, as a virtual meeting or a video. Our goal is for your children to learn lifesaving skills! This FREE program is made possible by a generous donation from Kikkoman Foods Foundation, as well as other donors through our Annual Giving Campaign.

### WHAT SKILLS WILL THEY LEARN?

- Begin to be comfortable around water.
- Begin to control their breathing in water.
- Basic skills to help return them to safety.
- Reach & throw safety tips to help others.
- Practice buoyancy through swim & floating.
- Important topics such as boating safety, pool rules, understanding limitations, buddy system and more!

### DATE & TIME OPTIONS

After your child has completed the classroom/virtual portion, please contact our YMCA Aquatics Director, Gertrude Suhajda at [gertrude.suhajda@glymca.org](mailto:gertrude.suhajda@glymca.org) to set up your four FREE 30-minute swim lessons. Choose from the dates/times above. The four day program takes place in the YMCA Activity Pool, which is 87 degrees with a depth between 3-4.6 feet. Most students can touch the bottom, but float belts are available if needed. The instructors are in the pool with the group and there is a lifeguard on duty at all times. Classes are kept a small, manageable size of 5 per class to maintain social distancing. Please bring your child in their swimsuit, pull back hair if it touches shoulders and do not eat an hour before your lesson. A parent may stay to watch, but we ask that you limit the number of people you bring with you, as well as wear a mask while you are in the building.
