Hello Oaklyn Families,

We would like to have a little fun before our winter break begins! We are asking all of our students in grades PreK-5 to participate in the Oaklyn School Snowman Challenge! All they have to do is build a snowman and submit a picture of the snowman to their homeroom teachers. I would like to thank one of our 5th grade students, Austin Goldman, for this fabulous idea! Thank you so much for sharing!!!

For students who love the cold weather, they might want to build a snowman out of the beautiful snow outside. For students who prefer to be warm and enjoy the snow through a window, they might want to create a snowman out of some arts and craft supplies!

How to participate in the Oaklyn Snowman Challenge:

1. Build a snowman either out of snow (outside) or using arts and craft supplies (inside)!
2. Submit a picture of the snowman to your homeroom teacher by Monday, December 21st!
3. That is it! Then, just sit back and wait for the voting to begin!

Each homeroom class will vote for one snowman to represent the class. The classroom winners will be sent to me. I will have a group of staff members ready to vote for the overall best Oaklyn Public School Snowman! Each homeroom teacher will award the class winner with a small prize such as a homework pass, etc. The overall winner will receive a small prize in the mail over winter break! In addition, we will share the winning snowman on our website, with permission of course!

Let the building begin!!! Have fun and good luck to all!!!

Thank you,  
Jennifer Boulden  
Principal, Oaklyn Public School
