Inspiration!

Leadership points are accrued throughout the school year and are approved and tracked through teacher/student/parent interaction.

Each child must earn 4 points in order to participate in the graduation ceremony and other graduation related activities

Points may be earned through a combination of any the areas listed. Some of the possible activities that each child can complete to earn a point are listed on this brochure under *School Service, Academics, Community Service and Character.*

Don't stop there though! Please contact your child's teacher to approve other activities. These are just a few of the options for our students.

We look forward to working with all of you on this opportunity!
