9.4 Touch Screen Purchase

Matt informed the board that after meeting with staff members their number one concern is the smartboards and how they don't work and are outdated after ten years. We had met with a couple of different companies on the new touch screen tv's, Sharp and Newline. They both came and demonstrated their screens. We have been using a couple of them to test which brand we think would be best to purchase. Matt

requested that once we have decided which brand to purchase, if we could propose to purchase around 50 at the max (which is probably high) and propose to spend up to \$150,000 as a capital lease. Would like to utilize the surplus money from the bond monies. Matt talked to Annette with the Credit Union if we could lease through them, and she said they thought they would be able to fund that for us with a 4.5-5.0% interest, which Matt will negotiate. Matt would like to build it into our operating budget every year so we are used to a capital lease and budgeted around that every year going forward, so always budgeting for our technology and would like to go with a 5 year lease. Will get more bids.

I motion to authorize you to purchase up to 50 and up to \$150,690.00 (\$34,000.00 per year).

MOTION: Tolley

SECOND: Cox

ROLL CALL: All Ayes

10. GOOD OF THE ORDER

The board was still concerned with the heating/cooling system. The company who put the system in does not intend to come and help with the system, and we cannot get any other company that will send anyone to look at it. Discussion of how we may need to start manually controlling the system, even if it means going in early in the morning. Jose will need to pick it up and by next month's meeting it should be better controlled or we will need to make some changes.

*Matt will work with Teresa with BOCES meeting date.

*Next regular meeting will be Tuesday, November 27th at 6:15pm
