JUMP ROPE FOR HEART

The 2016 Jump Rope for Heart event was a great success in the fight against heart disease and stroke. East Elementary students raised approximately \$4,600 dollars for the American Heart Association. Every dollar raised helps in the fight against heart disease and stroke. As a thank you from the American Heart Association our school receives recess equipment and educational materials to teach your child about heart disease, prevention and nutrition. Thank you for supporting our school and the American Heart Association!! Special Thanks to Miss Garner and all the students at East for making a difference!!
