

Traditional:

GRADE POINT AVERAGE DETERMINATION

The following scale will be used in determining grade point averages. AP, Dual Credit and Advanced classes are weighted higher due to difficulty. Class Rank is determined by using the cumulative grade point average of all High School level classes. Pass/Fail courses shall not be used in the calculation of Grade Point Averages. Courses retaken will be included in the Grade Point Average. Grade Point Average will utilize a 4.5 scale for AP and Dual Credit courses and 4.2 for advanced courses, and 4.0 for all other High School courses.
