Independent Auditor's Report

To the Board of Education
Pecatonica Community Unit School
District No. 321
Pecatonica. Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of Pecatonica Community Unit School District No. 321, Illinois, which comprise the Statement of Assets and Liabilities Arising from Cash Transactions as of June 30, 2020, and the related Statement of Revenues Received, Expenditures Disbursed, Other Sources (Uses) and Changes in Fund Balance, the Statement of Revenues Received, and the Statement of Expenditures Disbursed-Budget to Actual for the year then ended, and the related notes to the financial statements.

Management Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Illinois State Board of Education. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by Pecatonica Community Unit School District No. 321, Illinois, on the basis of the financial reporting provisions of the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Illinois State Board of Education. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Pecatonica Community Unit School District No. 321, Illinois as of June 30, 2020, and the respective changes in financial position for the year then ended.

Basis for Qualified Opinion on Regulatory Basis of Accounting

We were unable to obtain sufficient appropriate audit evidence about the carrying amount of Pecatonica Community Unit School District No. 321, Illinois' capital assets and related investment in general fixed assets on the regulatory basis as of June 30, 2020 because management has not maintained detailed records to support the historical costs. Consequently, we were unable to determine whether any adjustments to these amounts were necessary.

Qualified Opinion on Regulatory Basis of Accounting

In our opinion, except for the possible effects of the matter described in the "Basis for Qualified Opinion on Regulatory Basis of Accounting" paragraph, the financial statements referred to above present fairly, in all material respects, the regulatory basis financial position of Pecatonica Community Unit School District No. 321, Illinois, as of June 30, 2020, and the respective changes in regulatory basis financial position, and budgetary results for the year then ended in accordance with the basis of accounting prescribed by the Illinois State Board of Education, as described in Note 1.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Pecatonica Community Unit School District No. 321, Illinois' financial statements. The Introductory Section on pages 6-10 and the other information on pages 62-73, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2020, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Rockford, Illinois December 14, 2020

Wippei LLP

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with <u>Government Auditing Standards</u>

Board of Education Pecatonica Community Unit School District No. 321 Pecatonica, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the Pecatonica Community Unit School District No. 321, Illinois (the "District") which comprise the Statement of Assets and Liabilities Arising from Cash Transactions as of June 30, 2020, and the related Statement of Revenues Received, Expenditures Disbursed, Other Sources (Uses) and Changes in Fund Balance, the Statement of Revenues Received, and the Statement of Expenditures Disbursed-budget to actual for the year then ended, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 14, 2020. Our report contains an adverse opinion on the financial statements because the financial statements are presented on the basis of the financial reporting provisions of the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Illinois State Board of Education. Our report also contains a qualified opinion on the regulatory basis of accounting as we were unable to obtain sufficient appropriate audit evidence about the carrying amount of the District's capital assets and related investment in general fixed assets on the regulatory basis as of June 30, 2020 because management has not maintained detailed records to support the historical costs.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control described in the accompanying schedule of findings and responses as items 2020-001 and 2020-002 that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under <u>Government Auditing Standards</u>.

Responses to Findings

The District's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. The District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

AUDITOR'S QUESTIONNAIRE

INSTRUCTIONS: If your review and testing of State, Local, and Federal Programs revealed any of the following statements to be true, then check the box on the left and attach the appropriate findings/comments.

PART A	A - FINDINGS
	 One or more school board members, administrators, certified school business officials, or other qualifying district employees failed to file economic interested statements pursuant to the <i>Illinois Government Ethics Act.</i> [5 ILCS 420/4A-101] One or more custodians of funds failed to comply with the bonding requirements pursuant to <i>Illinois School Code</i> [105 ILCS 5/8-2;10-20.19;19-6]. One or more contracts were executed or purchases made contrary to the provisions of the <i>Illinois School Code</i> [105 ILCS 5/10-20.21]. One or more violations of the Public Funds Deposit Act or the Public Funds Investment Act were noted [30 ILCS 225/1 et. seq. and 30 ILCS 235/1 et. seq.]. Restricted funds were commingled in the accounting records or used for other than the purpose for which they were restricted. One or more short-term loans or short-term debt instruments were executed in non-conformity with the applicable authorizing statute or without statutory Authority. One or more long-term loans or long-term debt instruments were executed in non-conformity first satisfying the lien imposed pursuant to the <i>Illinois State Revenue Sharing Act</i> [30 ILCS 115/12]. One or more interfund loans were made in non-conformity with the applicable authorizing statute or without statutory authorization per <i>Illinois School Code</i> [105 ILCS 5/10-22.33, 20-4 and 20-5]. One or more interfund loans were outstanding beyond the term provided by statute <i>Illinois School Code</i> [105 ILCS 5/10-22.33, 20-4, 20-5]. One or more permanent transfers were made in non-conformity with the applicable authorizing statute/regulation or without statutory/regulatory authorization per <i>Illinois</i>
	School Code [105 ILCS 5/17-2A].
	12. Substantial, or systematic misclassification of budgetary items such as, but not limited to, revenues, receipts, expenditures, disbursements or expenses were observed.
	 13. The Chart of Accounts used to define and control budget and accounting records does not conform to the minimum requirements imposed by ISBE rules pursuant to Illinois School Code [105 ILCS 5/2-3.27; 2-3.28]. 14. At least one of the following forms was filed with ISBE late: The FY19 AFR (ISBE FORM 50-35), FY19 Annual Statement of Affairs (ISBE Form 50-37) and FY20 Budget (ISBE FORM 50-36). Explain in the comments box below in persuant to Illinois School Code [105 ILCS 5/3-15.1; 5/10-17; 5/17-1].
PART E	3 - FINANCIAL DIFFICULTIES/CERTIFICATION Criteria pursuant to the Illinois School Code [105 ILCS 5/1A-8].
	 15. The district has issued tax anticipation warrants or tax anticipation notes in anticipation of a second year's taxes when warrants or notes in anticipation of current year taxes are still outstanding, as authorized by Illinois School Code [105 ILCS 5/17-16 or 34-23 through 34-27]. 16. The district has issued short-term debt against two future revenue sources, such as, but not limited to, tax anticipation warrants and General State Aid certificates or tax anticipation warrants and revenue anticipation notes. 17. The district has issued school or teacher orders for wages as permitted in Illinois School Code [105 ILCS 5/8-16, 32-7.2 and 34-76] or issued funding bonds for this purpose pursuant to Illinois School Code [105 ILCS 5/8-6; 32-7.2; 34-76; and 19-8]. 18. The district has for two consecutive years shown an excess of expenditures/other uses over revenues/other sources and beginning fund balances on its annual financial report for the aggregate totals of the Educational, Operations & Maintenance, Transportation, and Working Cash Funds.
PART C	C - OTHER ISSUES
x	 Student Activity Funds, Imprest Funds, or other funds maintained by the district were excluded from the audit. Findings, other than those listed in Part A (above), were reported (e.g. student activity findings). These findings may be described extensively in the financial notes. Federal Stimulus Funds were not maintained and expended in accordance with the American Recovery and Reinvestment Act (ARRA) of 2009. If checked, an explanation must be provided. Check this box if the district is subject to the Property Tax Extension Limitation Law. Effective Date: (Ex: 00/00/0000) If the type of Auditor Report designated on the cover page is other than an unqualified opinion and is due to reason(s) other than solely Cash Basis Accounting, please check and explain the reason(s) in the box below.
23. q	ualified opinion for not maintaining detailed historical cost for fixed assets for the general fixed asset account group and adverse for not adopting GASB 34

PART D - EXPLANATION OF ACCOUNTING PRACTICES FOR LATE MANDATED CATEGORICAL PAYMENTS

(For School Districts who report on an Accrual/Modified Accrual Accounting Basis only)

School districts that report on the accrual/modified accrual basis of accounting must identify where late mandated categorical payments (Acct Codes 3100, 3120, 3500, 3510, 3950) are recorded. Depending on the accounting procedure these amounts will be used to adjust the Direct Receipts/Revenues in calculation 1 and 2 of the Financial Profile Score. In FY2020, identify those late payments recorded as Intergovermental Receivables, Other Recievables, or Deferred Revenue & Other Current Liabilities or Direct Receipts/Revenue. Payments should only be listed once.

24. Enter the date that the district used to accrue mandated categorical payments

Date:

25. For the listed mandated categorical (Revenue Code (3100, 3120, 3500, 3510, 3950) that were vouchered prior to June 30th, but not released until after year end as reported in ISBE FRIS system, enter the amounts that were accrued in the chart below.

Account Name	3100	3120	3500	3510	3950	Total
Deferred Revenues (490)						
Mandated Categoricals Payments (3100, 3120, 3500, 3510, 3950)						\$-
Direct Receipts/Revenue						
Mandated Categoricals Payments (3100, 3120, 3500, 3510, 3950)						\$-
Total						\$-

• Revenue Code (3100-Sp Ed Private Facilities, 3120-Sp Ed Regular Orphanage Individual, 3500-Regular/Vocational Transportation, 3510-Sp Ed Transportation, 3950-Regular Orphans & Foster Children)

PART E - QUALIFICATIONS OF AUDITING FIRM

Wippei LLP

- School District/Joint Agreement entities must verify the qualifications of the auditing firm by requesting the most current peer review report and the corresponding acceptance letter from the approved peer review program for the current peer review.
- A school district/joint agreement who engages with an auditing firm who is not licensed and qualified will be required to complete a new audit by a qualified auditing firm at the school district's/joint agreement's expense.

mments Applicable to the Auditor's Questionnaire:

Notes to Financial Statements

Note 1 Nature of Entity and Summary of Significant Accounting Policies

The Board of Education (Board), a seven member group, is the level of government which has the governing responsibilities over all activities related to public elementary and secondary school education within the jurisdiction of the Pecatonica Community Unit School District No. 321 ("the District"). The District receives funding from local, state and federal sources and must comply with the requirements established by these funding source entities. However, the District is not included in any other governmental "reporting entity" as to result in the District being considered a component unit of the entity since Board members are elected by the public and have decision making authority, the power to designate management, and the responsibility to significantly influence operations and primary accountability for fiscal matters.

The District has developed criteria to determine whether outside agencies with activities which benefit the citizens of the District, including joint agreements which serve pupils from numerous districts, should be included within its financial reporting entity. The criteria include, but are not limited to, whether the District exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

The District is a member of the Winnebago County Special Education Cooperative. The Cooperative provides special education services to member districts. The member districts are jointly and severally liable as members of the Cooperative. The Cooperative is required by the Illinois Compiled Statutes to have an annual audit of their financial statements. These financial statements are available through the Winnebago County Special Education Cooperative offices at 329 School Street, Rockton, Illinois. The District is also a member of Career Tech, a vocational cooperative. Career Tech provides vocational training services to member districts and bills the districts for the costs of these services based upon number of students enrolled from the specific district. The member districts are jointly and severally liable as members of Career Tech. The Career Tech is required by the Illinois Compiled Statutes to have an annual audit of their financial statements. These financial statements are available through the Career Tech offices at 2037 West Galena Ave, Freeport, Illinois. The District paid \$413,152 to the Winnebago County Special Education Cooperative and \$84,442 to Career Tech for the fiscal year ended June 30, 2020. The joint agreements have been determined not to be part of the reporting entity after applying the manifesting of oversight, scope of public service and special financing relationship criteria. The joint agreements are therefore excluded from the accompanying financial statements because the District does not control the assets, operations or management of the joint agreements. In addition, the District is not aware of any entity which the District would exercise such oversight as to result in the District having any component units.

Notes to Financial Statements

Note 1 Nature of Entity and Summary of Significant Accounting Policies (Continued)

The District is considered to be a primary government since it is legally separate and financially independent. This report includes all of the funds and account groups of the District. It includes all activities considered to be part (controlled by or dependent on) the District as set forth under the above criteria.

Following is a summary of the District's more significant accounting policies:

1. Basis of Presentation – Fund Accounting

These financial statements are issued to comply with the regulatory provisions prescribed by the Illinois State Board of Education, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and liabilities arising from cash transactions, fund balance, revenue received, and expenditures paid. The District maintains individual funds required by the State of Illinois. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following funds and account groups are used by the District:

<u>Educational Fund</u> - This fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

<u>Operations and Maintenance Fund</u> - This fund is also a general operating fund used to account for costs of maintaining school buildings.

<u>Debt Service Fund</u> - This fund is a debt retirement fund. Resources of this fund are used to retire principal and interest maturities of outstanding bond obligations.

<u>Transportation Fund</u> - This fund is a special revenue fund used to account for the costs of transporting pupils to and from school and school activities.

<u>Municipal/Retirement/Social Security Fund</u> - This fund is a special revenue fund used to pay the District's share of municipal retirement benefits for covered employees. The District's share of social security and Medicare only is also paid from this fund if a separate tax is levied for that purpose.

Notes to Financial Statements

Note 1 Nature of Entity and Summary of Significant Accounting Policies (Continued)

1. Basis of Presentation – Fund Accounting (Continued)

<u>Capital Projects Fund</u> - Proceeds of construction bond issues and the capital improvement tax levy are accounted for in this fund. The District does not currently use this fund.

<u>Fire Prevention and Safety Fund</u> - Proceeds of fire prevention and safety bond issues and tax levy are accounted for in this fund.

Tort Fund - Proceeds of the Insurance tax levy are accounted for in this fund.

<u>Working Cash Fund</u> - Resources of this fund are held by the District to be used for temporary interfund loans to any fund of the District for which taxes are levied.

<u>Agency Funds</u> - Agency funds (Activity Funds) include Student Activity Funds and Convenience Accounts. They account for assets held by the District as agent for the students, teachers and other organizations. These funds are custodial in nature and do not involve the measurement of the results of operations. The amounts due to the activity fund organizations are equal to the assets.

Account Groups

<u>General Fixed Asset Account Group</u> - This group is used to account for general fixed assets acquired for general governmental purposes.

<u>General Long-Term Debt Account Group</u> - This group is used to account for the outstanding balances of general long-term obligations

Account groups are not "funds". They are concerned only with the measurement of financial position. They are not involved with the measurement of results of operations.

2. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The District maintains its accounting records for all funds and account groups on the regulatory basis, and specifically the modified cash basis as described in the "Illinois Program Accounting Manual for Local School Systems".

Notes to Financial Statements

Note 1 Nature of Entity and Summary of Significant Accounting Policies (Continued)

2. Basis of Accounting (Continued)

Accordingly, revenue is recorded when cash is received, and expenditures are recorded when checks are written. Only assets representing a right to receive cash arising from a previous payment of cash are recorded as assets of a fund. In the same manner, only liabilities resulting from previous cash transactions (other than proceeds from a bond issue) are recorded as liabilities of a particular fund.

That regulatory basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do arise from previous cash transactions. Unpaid teacher contracts for services rendered during the school year for teachers on a twelve month pay schedule are recorded as expenditures in the fiscal year in which checks are written.

3. Cash and Investments

Cash and cash equivalents consist of demand deposits. Investments as of June 30, 2020 consist of certificates of deposit, money market accounts and savings accounts. Deposits are stated at cost which approximates market. The District's cash and investments are authorized in Illinois Compiled Statutes 30 ILCS 235 under the Public Funds Investment Act.

4. Budgets and Budgetary Accounting

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- a) Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year. The operating budget includes proposed expenditures and the means of financing them. It is prepared on the regulatory basis of accounting which is the same basis that is used in financial reporting.
- b) A public hearing is conducted at a public meeting to obtain taxpayer comments.
- c) Prior to October 1, the budget is legally adopted through passage of a resolution.
- d) The Board of Education is authorized to transfer up to 10% of the total budget between line items within any fund; however, any revisions that alter the total disbursements of any fund must be approved by the Board of Education after a public hearing.

Notes to Financial Statements

Note 1 Nature of Entity and Summary of Significant Accounting Policies (Continued)

- e) Formal budgetary integration is employed as a management control device during the year for the Education fund, Operations and Maintenance fund, Debt Service fund, Transportation fund, IMRF/Social Security fund, Capital Projects fund, Working Cash fund, Tort Fund and the Fire Prevention and Safety fund.
- f) Budgeted amounts presented are those as originally adopted, or as amended by the Board of Education. Individual amendments were not material in relation to the original appropriations which were amended. For each fund, total fund expenditures disbursed may not legally exceed the budgeted amounts. Unexpended budgeted amounts lapse at the end of each year.

5. Student Activity Funds

Student activity funds, also called extracurricular or co-curricular funds, are unique to school districts. The funds are formed for educational, recreational and cultural purposes and are usually intended to provide a learning experience for students. The funds are organized in the form of clubs and are used for activities such as athletic events, senior yearbooks, music clubs, and student government. These funds are owned, operated and managed generally by the student body under the guidance and direction of an adult or staff member and are financed partly or entirely by student fund-raising activities. Although the Board of Education has the ultimate responsibility for the funds, they are not local education agency funds.

a) Fixed Assets

Purchases of fixed asset property and equipment are recorded as disbursements of the various funds when paid. There are no formal activity fund cumulative property and equipment records with which to maintain internal accounting control over the Activity Funds' fixed assets.

b) Investments are valued at cost, which approximates market.

c) State Regulations

The Illinois State Board of Education (ISBE) has prescribed accounting guidelines for Activity Funds in a publication entitled <u>Rules and Regulations</u> and Fiscal Procedures for the Operations of Local Education Agencies'
<u>Student Activity Funds, Convenience Accounts, and Trust and Agency</u>
Funds.

Notes to Financial Statements

Note 1 Nature of Entity and Summary of Significant Accounting Policies (Continued)

5. Student Activity Funds (Continued)

d) Activity Fund Treasurer

Activity Fund accounting records are maintained in the respective building offices. The Treasurer and building principals have been appointed as Activity Fund Treasurer's and have been charged with depositing all Activity Fund monies into a designated depository and with maintaining accounts to show each funds' share of the total cash.

6. **Property Taxes**

The District's property tax is levied each year on all taxable real property located in the District on or before the last Tuesday in December. The 2019 levy was passed by the Board on December 16, 2019 and the 2018 levy was passed by the Board on December 17, 2018. Property taxes attach as an enforceable lien on property as of January 1 and may be in two equal installments. The first installment is due on or before approximately June 1 and the second installment is due on or before approximately September 1. Interest at the rate of 1% for farmland and 1-1/2% for all others is charged per month on delinquent payments. The District receives significant distributions of tax receipts approximately one month after these due dates. Property tax revenue received primarily represents receipts on the 2018 and 2019 tax levies. Prior to June 30, the District received \$3,021,269 of the 2019 tax levy. In accordance with modified cash basis reporting, the amounts are included as property tax revenue in the year received in the financial statements.

7. Estimates

The preparation of financial statements in conformity with the regulatory basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

8. Fixed Assets and Long Term Debt Account Group

The accounting and reporting treatment applied to the fixed assets and long term liabilities associated with a fund are determined by its measurement focus. Purchases of fixed asset property and equipment are recorded as disbursements of the various funds when paid. The District has not maintained detailed records reflecting its investment in general fixed assets at historical costs. Supplementary records have been maintained, however, based on the Guideline for Fixed Assets Accounting in Local School Systems, issued by the Illinois Office of Education, which reflect summary information and are presented on page 65 of this report. For purposes of the Illinois School District Annual Financial Report (AFR), the

Notes to Financial Statements

Note 1 Nature of Entity and Summary of Significant Accounting Policies (Continued)

8. Fixed Assets and Long Term Debt Account Group (Continued)

District is recognizing straight line depreciation on its' fixed assets over 5-50 years for purposes of the per capita tuition calculation. The amount of depreciation reported on the AFR for the fiscal year ended June 30, 2020 was \$548,084.

Long-term liabilities expected to be financed from any of the funds, except Working Cash and Student Activity Funds, are accounted for in the General Long-Term Debt Account Group, not in the funds themselves. Proceeds from sales of bonds are included as another financing source in the appropriate fund on the date received. Related bond principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group. The account groups are not "funds". They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

9. Fund Balance

Reservations of fund balance represent amounts that are not appropriable or are legally segregated for a specific purpose. The Educational Fund contains \$55,250 that has been reserved for self-insurance purposes. The IMRF fund contains \$434,447 reserved for IMRF purposes. When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the District first applies restricted resources.

10. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers' Retirement System of the State of Illinois (TRS) and the Illinois Municipal Retirement Fund (IMRF) and additions to/deductions from TRS's and IMRF's fiduciary net position have been determined on the same basis as they are reported by TRS and IMRF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. These amounts are not recorded on the financial statements since the District reports on the regulatory basis. The amounts are for note disclosure purposes only.

11. Other Post-Employment ("OPEB")

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB expense, information about the fiduciary net position of the Teachers' Health Insurance Security Fund ("THISF") and additions to/deductions from THISF's fiduciary net position have been

Notes to Financial Statements

Note 1 Nature of Entity and Summary of Significant Accounting Policies (Continued)

11. Other Post-Employment ("OPEB") (Continued)

determined on the same basis as they are reported by THISF. For this purpose, OPEB payments (including refunds of employee contributions) are recognized when due and payable in accordance with the OPEB terms. Investments are reported at fair value.

Note 2 Deposits and Investments

Deposits. At year-end, the carrying amount of the District's deposits in checking, money market accounts, savings accounts and certificates of deposit was \$10,872,895 and the bank balance was \$11,511,563. Of the bank balance, \$10,973,668 was covered by Federal Depository Insurance or by collateral held by pledging bank's trust department or by its agent in the District's name.

Custodial credit risk is the risk that, in the event of a bank failure, the District's deposits might not be recovered. As of June 30, 2020, \$537,895 was exposed to custodial credit risk.

For financial statement purposes, the District classifies certificates of deposits as investments.

Investments. For purposes of this note disclosure only, the District does not hold any investments.

Note 3 Common Bank Account

Separate bank accounts are not maintained for all District funds; instead, certain funds maintain balances in common checking accounts, with the accounting records being maintained to show the portion of the common account balance attributable to each participating fund.

Occasionally certain funds participating in the common bank accounts will incur overdrafts (deficits) in the account. The overdrafts result from expenditures which have been approved by the School Board. A deficit in one fund limits the cash available for use by other funds in the same common account.

As of June 30, 2020, no funds had a net deficit balance in the common account.

Note 4 Expenditures in Excess of Budget

The District over expended its budget in the following funds during the fiscal year ended June 30, 2020: Operations and Maintenance Fund and Fire Prevention & Safety Fund. All other funds were operated within the confines of their budgets for the year ended June 30, 2020.

Notes to Financial Statements

Note 5 Changes in General Fixed Assets

Below is a summary of the changes in general fixed assets for the year ended June 30, 2020. As mentioned in Note (1), the District has not maintained detailed records reflecting its investment in general fixed assets at historical costs as required by generally accepted accounting principles. Supplementary records have been maintained, however, based on the Guideline for Fixed Assets Accounting in Local School Systems, issued by the Illinois Office of Education, which reflect summary information.

	Balance <u>July 1, 2019</u>	<u>Additions</u>	<u>Deletions</u>	Balance <u>June 30, 2020</u>
Land Buildings and	\$ 215,049	\$ -	\$ -	\$ 215,049
Improvements	21,020,631	-	-	21,020,631
Equipment- 10 year	1,395,375	122,479	110,085	1,407,769
Equipment- 5 year	27,693			27,693
Total	<u>\$22,658,748</u>	<u>\$122,479</u>	<u>\$110,085</u>	<u>\$22,671,142</u>
Accumulated Depreciation	<u>\$ 8,864,518</u>	<u>\$548,084</u>	<u>\$110,085</u>	\$ 9,302,517

Note 6 Long-Term Debt

<u>General Obligation Bonds.</u> The District issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities, to defease (refinance) outstanding debt and for fire, life, safety issues. General obligation bonds are direct obligations of the District and pledge the full faith and credit of the District.

Bonds currently outstanding are as follows:

Purpose	Interest Rates	<u>Amount</u>
2001 Capital Appreciation Building Bonds dated June 19, 2001 to be used for building construction and alterations. Interest is payable on January, with annual retirements of principal through January 1, 2021, the bonds are not subject to redemption prior to their stated maturities	6.43%	<u>\$355,333</u>
Total bonds payable		<u>\$355,333</u>

Notes to Financial Statements

Note 6 Long-Term Debt (Continued)

Annual debt service requirements to maturity for general obligation bonds are as follows:

Fiscal Year Ending June 30,	<u>Principal</u>	<u>Interest</u>	Total Annual Debt Service Requirements
2021	<u>\$355,333</u>	<u>\$1,369,667</u>	\$1,725,000
	<u>\$355,333</u>	<u>\$1,369,667</u>	<u>\$1,725,000</u>

<u>Changes in Long-Term Liabilities.</u> During the year ended June 30, 2020, the following changes occurred in long-term liability accounts:

	Balance July 1, 2019	Additions	<u>Deletions</u>	Balance <u>June 30, 2020</u>
General long-term debt payable: Building Bonds	<u>\$717,144</u>	<u>\$ -</u>	<u>\$361,811</u>	<u>\$355,333</u>

Note 7 Legal Debt Limit

The Illinois School Code limits the amount of indebtedness to 13.8% of \$98,897,190, the most recent available equalized assessed valuation of the District, or \$13,647,812. As of June 30, 2020, the District has \$13,292,479 remaining of its' debt margin.

Note 8 Fund Balance Reporting

According to Government Accounting Standards, fund balances are to be classified into five major classifications; Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. The Regulatory Model, followed by the District, only reports Reserved and Unreserved Fund Balances. Below are definitions of the how these balances are reported.

A. Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts. Due to the regulatory basis nature of the District, all such items are expensed at the time of purchase, so there is nothing to report for this classification.

Notes to Financial Statements

Note 8 Fund Balance Reporting (Continued)

B. Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Things such as restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are by definition restricted for those specified purposes. The Educational Fund contains \$55,250 that has been reserved for self-insurance purposes (see note 11). The IMRF Fund also has a portion reserved for IMRF purposes in the amount of \$434,447. The District has several revenue sources received within different funds that also fall into these categories —

1. Special Education

Revenue received and the related expenditures disbursed of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance.

State Grants

Proceeds from state grants and the expenditures disbursed have been included in the Educational and Transportation Funds. At June 30, 2020, expenditures disbursed exceeded revenue received from state grants, resulting in no restricted balances.

Federal Grants

Proceeds from federal grants and the expenditures disbursed have been included in the Educational Fund. At June 30, 2020, expenditures disbursed exceeded revenue received from federal grants, resulting in no restricted balances.

C. Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the School Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The School Board commits fund balance by making motions or passing resolutions to adopt policy or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Notes to Financial Statements

Note 8 Fund Balance Reporting (Continued)

The District has no committed fund balances at year end.

D. Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by (a) the School Board itself or (b) the finance committee or by the Superintendent when the School Board has delegated the authority to assign amounts to be used for specific purposes.

The District's Working Cash Fund balance of \$867,373 is considered assigned at year end.

E. Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amounts in the General Operating Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the General Funds. Unassigned Fund Balance amounts are shown in the financial statements as Unreserved Fund Balances in the Educational and Working Cash Funds.

F. Regulatory – Fund Balance Definitions

Reserved Fund Balances are those balances that are reserved for a specified purpose, other than the regular purpose of any given fund. Unreserved Fund Balances are all balances that are not reserved for a specific purpose other than the specified purpose of a fund.

G. Reconciliation of Fund Balance Reporting

The first two columns of the following table represent Fund Balance Reporting according to generally accepted accounting principles. The last two columns represent Fund Balance Reporting under the regulatory basis of accounting utilized in preparation of the financial statements.

Notes to Financial Statements

Note 8 Fund Balance Reporting (Continued)

Generally Accepted Accounting Principles		Regulato	Regulatory Basis	
		Unassigned/	Financial Statements-	Financial Statements-
<u>Fund</u>	Restricted	assigned	Reserved	Unreserved
Educational Operations &	\$ 55,250	\$6,519,028	\$55,250	\$6,519,028
Maintenance	988,981	-	-	988,981
Debt Service	764,370	-	-	764,370
Transportation Municipal	933,647	-	-	933,647
Retirement	850,120	-	434,447	415,673
Working Cash	-	867,373	-	867,373
Tort Liability	21,166	-	-	21,166
Capital Projects Fire Protection	-	-	-	-
& Safety	173,427	-	-	173,427

H. Expenditures of Fund Balance

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

Note 9 Pensions

The school district participates in two retirement systems: The Teachers' Retirement System of the State of Illinois (TRS) and the Illinois Municipal Retirement Fund (IMRF). Most funding for TRS is provided through payroll withholdings of certified employees and contributions made by the State of Illinois on-behalf of the District. IMRF is funded through property taxes and a perpetual lien of the District's corporate personal property replacement tax. In accordance with regulatory reporting, amounts are reported in this note for disclosure purposes only.

Teachers' Retirement System of the State of Illinois

Plan description - The employer participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

Notes to Financial Statements

Note 9 Pensions (Continued)

<u>Teachers' Retirement System of the State of Illinois (Continued)</u>

TRS issues a publicly available financial report that can be obtained at http://trs.illinois.gov/pubs/cafr; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888)678-3675, option 2.

Benefits provided - TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service. Disability and death benefits are also provided. Tier II members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

Essentially all Tier I retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. The earliest possible implementation date is July 1, 2020. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2021. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and will be funded by bonds issued by the state of Illinois.

Contributions - The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2020, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

Notes to Financial Statements

Note 9 Pensions (Continued)

Teachers' Retirement System of the State of Illinois (Continued)

On behalf contributions to TRS. The state of Illinois makes employer pension contributions on behalf of the employer. For the year ended June 30, 2020, state of Illinois contributions recognized by the employer were based on the state's proportionate share of the collective NPL associated with the employer, and the employer recognized revenue and expenditures of \$3,756,551 in pension contributions from the state of Illinois.

2.2 formula contributions. Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2020, were \$31,832 and are deferred because they were paid after June 30, 2019 measurement date.

Federal and special trust fund contributions. When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018. Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2020, the employer pension contribution was 10.66 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2020, salaries totaling \$44,452 were paid from federal and special trust funds that required employer contributions of \$4,739. These contributions are deferred because they were paid after the June 30, 2019 measurement date.

Employer retirement cost contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2020, the employer paid \$0 to TRS for employer contributions due on salary increases in excess of 6 percent and \$0 for sick leave days granted in excess of the normal annual allotment.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions -

At June 30, 2019, the employer had a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for state pension support provided to the employer. The state's support and total are for disclosure purposes only. The amount

Notes to Financial Statements

Note 9 Pensions (Continued)

recognized by the employer as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the employer were as follows:

Teachers' Retirement System of the State of Illinois (Continued)

Employer's proportionate share of the net pension liability	\$ 486,148
State's proportionate share of the net pension liability associated with the	
employer	34,598,654
Total	\$35,084,802

The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018, and rolled forward to June 30, 2019. The employer's proportion of the net pension liability was based on the employer's share of contributions to TRS for the measurement year ended June 30, 2019, relative to the contributions of all participating TRS employers and the state during that period. At June 30, 2019, the employer's proportion was .000599 percent, which was a decrease of .000028% from its proportion measured as of June 30, 2018.

Due to the District preparing its financial statements on the regulatory basis, pension liabilities and deferred inflows and outflows referred to throughout this note disclosure are not recognized in the actual financial statements.

For the year ended June 30, 2020, the employer recognized pension expense of \$31,832 and revenue of \$3,756,551 for support provided by the state. At June 30, 2020, the employer had deferred outflows of resources and deferred inflows of resources related to pensions from the following sources, which are not reported due to regulatory basis reporting:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 7,972	\$ -
Net difference between projected and actual earnings		
on pension plan investments	770	-
Changes of assumptions	10,893	9,332
Changes in proportion and differences between		
employer	-	268,798
contributions and proportionate share of contributions		
Employer contributions subsequent to the		
measurement date	31,832	-
Total	\$51,467	\$278,130

Notes to Financial Statements

Note 9 Pensions (Continued)

Teachers' Retirement System of the State of Illinois (Continued)

The District reported \$31,832 as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows in these reporting years:

Year ended June 30:	Net Deferred Outflows (Inflows) of Resources
2021	(\$90,564)
2022	(74,390)
2023	(62,622)
2024	(29,430)
2025	(1,488)

Actuarial assumptions - The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50 percent

Salary increases Varies by amount of service credit

Investment rate of 7.00 percent, net of pension plan investment expense, including

return inflation

In the June 30, 2019 actuarial valuation, mortality rates were based on the RP-2014 White Collar Table with adjustments as appropriate for TRS experience. The rates are used on a fully-generational basis using projection table MP-2017. In the June 30, 2018 actuarial valuation, mortality rates were also based on the RP-2014 White Collar Table with appropriate adjustments for TRS experience. The rates were used on a fully-generational basis using projection table MP-2014.

The long-term (20-year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table.

Notes to Financial Statements

Note 9 Pensions (Continued)

Teachers' Retirement System of the State of Illinois (Continued)

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. equities large cap	15.0%	6.3%
U.S. equities small/mid-cap	2.0	7.7
International equities developed	13.6	7.0
Emerging market equities	3.4	9.5
U.S. bonds core	8.0	2.2
U.S. bonds high yield	4.2	4.0
International debt developed	2.2	1.1
Emerging international debt	2.6	4.4
Real estate	16.0	5.2
Real return	4.0	1.8
Absolute return	14.0	4.1
Private equity	15.0	9.7
Total	100%	

Discount rate - At June 30, 2019, the discount rate used to measure the total pension liability was 7.00 percent, which was the same as the June 30, 2018 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2019 was projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. Tier I's liability is partially funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the employer's proportionate share of the net pension liability to changes in the discount rate - The following presents the employer's proportionate share of the net pension liability calculated using the discount rate of 7.0 percent, as well as what the employer's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.0 percent) or 1-percentage-point higher (8.0 percent) than the current rate.

TRS fiduciary net position - Detailed information about the TRS's fiduciary net position as of June 30, 2019 is available in the separately issued TRS *Comprehensive Annual Financial Report*.

Illinois Municipal Retirement Fund

Plan description – The employer's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The employer's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report

is available for download at www.imrf.org.

Benefits provided - IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired **before** January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Notes to Financial Statements

Note 9 Pensions (Continued)

Illinois Municipal Retirement Fund (Continued)

Benefits Provided (Continued)

Employees hired **on or after** January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

At the December 31, 2019 valuation date, the following employees were covered by the benefit terms:

	IMRF
Inactive employees or beneficiaries currently receiving benefits	45
Inactive employees entitled to but not yet receiving benefits Active employees	50 76
Total	171

Contributions – As set by statute, the employer's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer's annual contribution rate for calendar year 2019 was 7.91 %. For the fiscal year ended June 30, 2020, the employer contributed \$140,532 to the plan. The employer also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Notes to Financial Statements

Note 9 Pensions (Continued)

Illinois Municipal Retirement Fund (Continued)

Net Pension Liability - The employer's Net Pension Liability was measured as of December 31, 2019, and the total pension liability used to calculate the Net Pension Liability was determined by an annual actuarial valuation as of that date.

Actuarial assumptions – The following are the methods and assumptions used to determine total pension liability at December 31, 2019:

- The Actuarial Cost Method used was Entry Age Normal.
- The **Asset Valuation Method** used was Market Value of Assets.
- The **Inflation Rate** was assumed to be 2.50%.
- **Salary Increases** were expected to be 3.39% to 14.25%, including inflation.
- The **Investment Rate of Return** was assumed to be 7.25%.
- **Projected Retirement Age** was from the Experience-based Table of Rates that are specific to the type of eligibility condition. Last updated for the 2017 valuation according to an experience study from years 2014 to 2016.
- The IMRF-specific rates for **Mortality** (for non-disabled retirees) were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience.
- For Disabled Retirees, an IMRF-specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives.
- For Active Members, an IMRF-specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.
- The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2019:

Notes to Financial Statements

Note 9 Pensions (Continued)

Illinois Municipal Retirement Fund (Continued)

Actuarial Assumptions (Continued)

Asset Class	Portfolio Target Percentage	Long-Term Expected Real Rate of Return
Domestic Equity	37%	5.75%
International Equity	18%	6.50%
Fixed Income	28%	3.25%
Real Estate	9%	5.20%
Alternative Investments	7%	3.60-7.60%
Cash Equivalents	1%	1.85%
Total	100%	

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- 1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- 2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 2.75%, and the resulting single discount rate is 7.25%.

Due to the District preparing its financial statements on the basis of the financial reporting provisions of the Illinois State Board of Education, pension liabilities and deferred inflows and outflows referred to throughout the note disclosure are not recognized in the actual financial statements.

Pension expense	31,832	140,532	172,364

Note 10 Post-Employment Benefits

Teachers Health Insurance Security Fund ("THISF")

Plan Description

The Teacher Health Insurance Security Fund (THISF) (also known as The Teacher Retirement Insurance Program, "TRIP") is a non-appropriated trust fund held outside the State Treasury, with the State Treasurer as custodian. Additions deposited into the Trust are for the sole purpose of providing the health benefits to retirees, as established under the plan, and associated administrative costs. TRIP is a cost-sharing multiple-employer defined benefit post-employment healthcare plan with a special funding situation that covers retired employees of participating school districts throughout the State of Illinois, excluding the Chicago Public School System. TRIP health coverage includes provisions for medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits. Annuitants may participate in the State administered Preferred Provider Organization plan or choose from several managed care options. As a result of the Governor's Executive Order 12-01, the responsibilities in relation to TRIP were transferred to the Department of Central Management Services (Department) as of July 1, 2013. The Department administers the plan with the cooperation of the Teachers' Retirement System (TRS).

Based upon the required criteria, the THISF has no component units and is not a component unit of any other entity. However, because the THISF is not legally separate from the State of Illinois, the financial statements of the THISF are included in the financial statements of the State of Illinois as a pension (and other employee benefit) trust fund. The audit report is available on the office of the Auditor General website at www.auditor.illinois.gov which includes the financial statements of the department of Central Management Services. Questions regarding the financial statements can be addressed to the Department of Central Management Services at 401 South Spring, Springfield, Illinois 62706. A copy of the actuarial valuation report will be made available by the Commission on Government Forecasting and Accountability on its website at http://cgfa.ilga.gov/.

Benefits Provided

The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.5) requires that the Department's Director determine the rates and premiums of annuitants and dependent beneficiaries and establish the cost-sharing parameters, as well as funding. Member premiums are set by this statute, which provides for a subsidy of either 50% or 75%, depending upon

Notes to Financial Statements

Note 10 Post-Employment Benefits (Continued)

Teachers Health Insurance Security Fund ("THISF")

member benefit choices. Dependents are eligible for coverage, at a rate of 100% of the cost of coverage.

Contributions

The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.6) requires that all active contributors of the TRS, who are not employees of a department, make contributions to the plan at a rate of 1.24% of salary and for every employer of a teach to contribute an amount equal to .92% of each teacher's salary. The Department determines, by rule, the percentage required, which each year shall not exceed 105% of the percentage of salary actually required to be paid in the previous fiscal year. In addition, under the State Pension Funds Continuing Appropriations Act (40 ILCS 15/1.3), there is appropriated, on a continuing annual basis, from the General Revenue Fund, an account of the General Fund, to the State Comptroller for deposit in the THISF, an amount equal to the amount certified by the Board of Trustees of TRS as the estimated total amount of contributions to be paid under 5 ILCS 376/6.6(a) in that fiscal year.

The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.5) requires that the Department's Director determine the rates and premiums of annuitants and dependent beneficiaries and establish the cost-sharing parameters, as well as funding. Member premiums are set by this statute, which provides for a subsidy of either 50% or 75%, depending upon member benefit choices. Dependents are eligible for coverage, at a rate of 100% of the cost of coverage.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB - At June 30, 2020, the employer reported a liability for its proportionate share of the net OPEB liability (first amount shown below) that reflected a reduction for state OPEB support provided to the employer. The state's support and total are for disclosure purposes only. The amount recognized by the employer as its proportionate share of the net OPEB liability, the related state support, and the total portion of the net OPEB liability that was associated with the employer were as follow:

District's proportionate share of the net OPEB liability	\$5,269,929
State's proportionate share of the net OPEB liability associated with the employer	7,136,156
Total	\$12,406,085

The net OPEB liability was measured as of June 30, 2019, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2018 and rolled forward to June 30, 2019. The District's proportion of the net OPEB liability was based on the District's share of contributions to THISF for the measurement year ended June 30, 2018, relative to the contributions of all participating THISF employers and the state during that period. At June 30, 2019, the District's proportion was 0.019041 percent, which was an increase of 0.000094 percent from its proportion measured as of June 30, 2018.

Notes to Financial Statements

Note 10 Post-Employment Benefits (Continued)

Teachers Health Insurance Security Fund ("THISF")

Due to the District preparing its financial statements on the regulatory basis, OPEB liabilities and deferred inflows and outflows referred to throughout this note disclosure are not recognized in the actual financial statements.

For the year ended June 30, 2020, the District recognized OPEB expense of \$38,493. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB, which are not reported due to the regulatory basis of accounting, from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience Net difference between projected and actual earnings	\$ -	\$ 87,450
on OPEB plan investments	-	173
Changes of assumptions	1,998	604,106
Changes in proportion and differences between employer contributions and proportionate share of contributions	135,268	86,454
Employer contributions subsequent to the measurement date	42,976	, -
Total	\$180,242	\$778,183

The District reported \$42,976 as deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the reporting year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OBEP expense as follows, which are not recorded due to the regulatory basis of accounting:

Year ended June 30:	Net Deferred Inflows of Resources
2021	¢/77 212\
2021	\$(77,312) \$(77,312)
2023	\$(77,312)
2024	\$(77,312)
2025	\$(77,312)
Thereafter	\$(254,357)

Notes to Financial Statements

Note 10 Post-Employment Benefits (Continued)

Teachers Health Insurance Security Fund ("THISF")

Actuarial Assumptions - The total OPEB liability was determined by an actuarial valuation as of June 30, 2018, using the following actuarial assumptions, applied to all periods included in the measurement date, unless otherwise specified:

Inflation 2.50%

Salary increases Depends on service and ranges from

9.50% at less than 1 year of service to 4.00% at 20 or more years of service. Salary increase includes a 3.25% wage

inflation assumption.

Investment rate of return 0%, net of OPEB plan investment

expense, including inflation

Healthcare cost trend rates Actual trend used for fiscal year 2019.

For fiscal years on and after 2020 trend starts at 8.00% and 9.00% for non-Medicare costs and post-Medicare costs, respectively, and gradually decreases to an ultimate trend of 4.5%. Additional trend rate of 0.31% is added to non-Medicare cost on and after 2022 to

account for the Excise Tax.

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table, adjusted for TRS experience. For disabled annuitants mortality rates were based on the RP-Disabled Annuitant table. Mortality rates for pre-retirement were based on the RP-2014 Whited Collar Table. All tables reflect future mortality improvements using Projection Scale MP-2014.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2014 through June 30, 2017.

Note 10 Post-Employment Benefits (Continued)

Teachers Health Insurance Security Fund ("THISF")

Projected benefit payments were discounted to their actuarial present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since TRIP is financed on a pay-as-you-go basis, a discount rate consistent with the 20-year general obligation bond index has been selected. The discount rates are 3.62% as of June 30, 2018, and 3.13% as of June 30, 2019.

Sensitivity of Net OPEB Liability to Changes in the Single Discount Rate

The following presents the plan's net OPEB liability, calculated using a Single Discount Rate of 3.13%, as well as what the plan's net OPEB liability would be if it were calculated using a Single Discount rate that is one percentage point higher (4.13%) or lower (2.13%) than the current rate:

Sensitivity of Net OPEB Liability as of June 30, 2019
to the Single Discount Rate Assumption

	Current Single Discount		
	1% Decrease (2.13%)	Rate Assumption (3.13%)	1% Increase (4.13%)
Net OPEB liability	\$6,336,367	\$5,269,929	\$4,427,671

Sensitivity of Net OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents the plan's net OPEB liability, calculated using the healthcare cost trend rates of well as what the plan's net OPEB liability would be if it were calculated using a healthcare cost trend rate that is one percentage point higher or lower, than the current healthcare cost trend rates. The key trend rates are 8.00% in 2020 decreasing to an ultimate trend rate of 4.81% in 2027, for non-Medicare coverage, and 9.00% in 2020 decreasing to an ultimate trend rate of 4.50% in 2027 for Medicare coverage.

Notes to Financial Statements

Note 10 Post-Employment Benefits (Continued)

Teachers Health Insurance Security Fund ("THISF")

Sensitivity of Net OPEB Liability as of June 30, 2019 to the Healthcare Cost Trend Rate Assumption

to	o the Healthcare Cost Trend Rate Assumption Healthcare Cost Trend		
	1% Decrease (a)	Rates Assumption	1% Increase (b)
Net OPEB liability	\$4,257,673	\$5,269,929	\$6,637,109

- (a) One percentage point decrease in healthcare trend rates are 7.00% in 2020 decreasing to an ultimate trend rate of 3.81% in 2027, for non-Medicare coverage, and 8.00% in 2020 decreasing to an ultimate trend rate of 3.50% in 2027 for Medicare coverage.
- (b) One percentage point increase in healthcare trend rates are 9.00% in 2020 decreasing to an ultimate trend rate of 5.81% in 2027, for non-Medicare coverage, and 10.00% in 2020 decreasing to an ultimate trend rate of 5.50% in 2027 for Medicare coverage.

Note 11 Self Insurance Plan

The District has elected to become partially self-insured for employee health and self- insured for unemployment insurance. The District is therefore liable to the State for any payments made to any of its former employees claiming unemployment benefits. For the year ended June 30, 2020, there were payments made in the amount of \$-0- for unemployment benefit claims. The District paid \$-0- and \$-0- for the years ended June 30, 2019 and 2018, respectively, for unemployment benefit claims.

The District is liable for annual employee and/or dependent health claims up to \$25,000 per person after which costs were covered by an insurance carrier. For the year ended June 30, 2020, \$1,311,872 was paid out for health claims under the self-insurance plan. The District paid \$1,136,264 and \$1,262,465 for the years ended June 30, 2019 and 2018, respectively, for health claims. The District estimates as of June 30, 2020, there were \$110,000 claims incurred prior to year end which were paid subsequent to year end. As of June 30, 2020, a portion, \$55,250, of the education fund balance has been reserved for health insurance purposes.

Notes to Financial Statements

Note 12 Risk Management

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. In order to handle such risks of loss, the District purchases commercial insurance coverage and self insures for unemployment insurance and partially for employee health purposes (see Note 11). The deductibles in effect for these policies as of June 30, 2020 ranged from \$-0- to \$1,000. The amounts of settlements have not exceeded insurance coverage for any of the past three years.

Note 13 Sick and Vacation Pay

The District follows the policy of allowing unused sick days to accumulate to a maximum of 355 days. However, if the employee does not use the accumulated sick days, the benefit is lost upon any termination of employment other than retirement. If an employee enrolled in IMRF and TRS should retire with accumulated sick days, the number of days accumulated is added to their years of credited service in determining their retirement benefit.

Unused vacation days are not allowed to accumulate.

As a result, no accrued liability for accumulated unpaid vacation or sick pay has been reflected in the financial statements.

Note 14 Lease Income

The District leases four EBS channels under a long term DeFacto Transfer Lease with an initial term of ten years and automatic renewal for up to two additional terms of ten years each unless notified six months prior to the end of the term that the leasee declines to renew the agreement.

The following is a schedule by years of future minimum rentals under the lease at June 30, 2020:

Year ending June 30:	
2021	273,746
2022	281,958
2023	290,417
2024	299,130
2025	307,428
2026-2030	1,681,164

Note 15 Operating Lease

On April 4, 2019, the District entered into a two-year operating lease agreement for its buses. The lease required payments of \$237,757 in the current fiscal year. The scheduled lease payment for the fiscal year ending June 30, 2021 is \$237,757.

Notes to Financial Statements

Note 16 Impact of Pending Standards

GASB Statement No. 84, *Fiduciary Activities* establishes criteria for identifying fiduciary activities of all state and local governments. This statement also provides for recognition of a liability to the beneficiaries in a fiduciary fund when an event has occurred that compels the government to disburse fiduciary resources. The requirements of this Statement are effective for reporting periods years beginning after December 15, 2019. The District has not determined the effect of this Statement.

GASB Statement No. 87, Leases, improves accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. The requirements of this Statement are effective for fiscal years beginning after December 15, 2021. The District has not determined the effect of this Statement.

GASB Statement No. 90, Majority Equity Interests an amendment of GASB Statements No. 14 and No. 61, improves accounting and financial reporting by presenting majority equity interest in legally separate organizations that were previously reported inconsistently. This Statement defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. The District has not determined the effect of this Statement.

GASB Statement No. 91, *Conduit Debt Obligations*, clarifies the existing definition of a conduit debt obligation; establishes that a conduit debt obligation is not a liability of the issuer; establishes standards for accounting and financial reporting of additional commitments and voluntary commitments extended by the issuers and arrangements associated with conduit debt obligations; and improves required note disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021. The District has not determined the effect of this Statement.

GASB Statement No. 92, *Omnibus 2020*, improves the consistency of several practice issues that have been identified during implementation and application of certain GASB Statements. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021. The District has not determined the effect of this Statement.

GASB Statement No. 93, *Replacement of Interbank Offered Rates*, amends certain hedge accounting from GASB Statement No. 53 and variable lease payments in accordance with GASB Statement No. 87. The requirements of this Statement are effective for fiscal years beginning after June 15, 2021. The District has not determined the effect of this Statement.

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, provides more guidance for accounting and financial reporting for availability payments arrangements. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022. The District has not determined the effect of this Statement.

Notes to Financial Statements

Note 16 Impact of Pending Standards

GASB Statement No. 96, Subscription-Based Information Technology Arrangements (SBITA), defines a SBITA, establishes a right-to-use subscription asset and liability, provides the capitalization criteria for outlays other than subscription payments, and requires note disclosures regarding a SBITA. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022. The District has not determined the effect of this Statement.

Note 17 Subsequent Event

The District has evaluated subsequent events through December 14, 2020 which is the date these financial statements were available to be issued. Subsequent to year end, the District issued \$1,289,000 of General Obligation Bonds. All subsequent events requiring recognition as of June 30, 2020 have been incorporated herein. There are no other subsequent events that require disclosure.

Note 18 Risks and uncertainties

Beginning in March 2020, the United States economy began suffering adverse effects from the COVID-19 Virus Crisis ("CV19 Crisis). The long-term impact of the CV19 Crisis on the District cannot be reasonably estimated at this time.

Indirect Cost Plan

(double click to

view)____

Current Year Payment on Contracts For Indirect Cost Rate Computation

Instructions:

This schedule is to calculate the amount allowed on contracts obligated by the school district for the Indirect Cost Rate calculation. The greatest amount allowed in the indirect cost calculation is \$25,000 for each contract. The contracts should be only for purchase services and not for salary contracts. Please refer to the embedded attachment "Indirect Cost Plan" that explains which contracts should be entered on this schedule. Found under "Sub-agreement for Services" starting on page 12.

Please only include applicable contracts with Fund-Function-Objects found on the embedded attachment - "Fund-Function-Object Chart."

*Do not include contracts for Capital Outlay (500) or Non-Capitalized Equipment (700) on this form, they are excluded from the Indirect Cost Rate calucation.

- 1. In column (A) enter the name of the Fund-Function-Object of the account where the payment was made on each contract in the current year.
- 2. In column (B) enter the number of the Fund-Functon-Object of the account where the payment was made on each contract for the current year. Do not enter hyphens. Ex) Enter as 101000600
- 3. In Column (C) enter the name of the Company that is listed on the contract.
- 4. In column (D) enter the total amount paid in the AFR for the contract. The amount must be less than or equal to the amount reported in the AFR's "Expenditures 15-22" tab.
- 5. Column (E) and (F) are calculated automatically based on the information provided in Columns (A through D).
- 6. The amount in column (E) is the amount allowed on each contract in the Indirect Cost Rate calcualation. The amount in column (F) is the amount that will be deducted from the base in the indirect cost rate (page 30) for Program Year 2022.

Fund-Function-Object Name Where the Expenditure was Recorded (Column A)	Fund- Function- Object Number (Column B)	Contracted Company Name (Column C)	Current Year Amount Paid on Contract (Column D)		Contract Amount deducted from the Indirect Cost Rate Base (Column F)
Enter as shown here: ED-Instruction-Other	10-1000-600	Company Name	500,000	25,000	475,000

The District is ranked by ISBE in the lowest 25th percentile of like districts in administrative expenditures per student (4th quartile) and will waive the limitation by board action, subsequent to a public hearing.

The district is unable to waive the limitation by board action and will be requesting a waiver from the General Assembly pursuant to the procedures in Chapter 105 ILCS 5/2-3.25g. Waiver applications must be postmarked by August 15, 2020 to ensure inclusion in the Fall 2020 report or postmarked by January 15, 2021 to ensure inclusion in the Spring 2021 report. Information on the waiver process can be found at https://www.isbe.net/Pages/Waivers.aspx

The district will amend their budget to become in compliance with the limitation.

This page is provided for detailed itemizations as requested within the body of the report. Type Below.

- 1. Education & O&M- 1999- other local sources- Lease income and miscellaneous
- 2. Eduction- 3999- Other restricted revenue from state sources- Library Grant
- 3. Transportation- 2100- other support services pupils- insurance

Compliance Section

Schedule of Findings and Responses

Finding #2020-001

<u>Criteria</u> – Management is responsible for establishing and maintaining internal controls and for the fair presentation of the financial statements including the related disclosures, in conformity the ISBE regulatory basis of accounting.

<u>Condition</u> – The District does not have an internal control policy in place over annual financial reporting that would enable management to prepare its annual financial statements and ensure related footnote disclosures are complete and presented in accordance with the ISBE regulatory basis of accounting.

<u>Cause</u> – The District relies on the audit firm to prepare the annual financial statements and related footnote disclosures. However, they have reviewed and approved the annual financial statements and the related footnote disclosures.

<u>Effects or Potential Effects</u> – The completeness of the financial statement disclosures and the accuracy of the overall financial presentation is negatively impacted as external auditors do not have the same comprehensive understanding of the District as its internal staff.

<u>Auditor's Recommendation</u> - Management should continue to review and approve the annual financial statements and the related footnote disclosures.

<u>View of responsible officials</u> – The District will continue to review the financial statements and required footnotes prepared by the external auditors. The District believes this process to be the most economical and appropriate to help ensure complete and proper financial reporting.

Finding #2020-002

Criteria – The District lacks proper segregation of duties.

Condition and Cause – District has limited number of personnel to permit adequate segregation of duties.

Effects or Potential Effects - Inadequate segregation of duties.

<u>Auditor's Recommendation</u> - The District will continue to have a finding for segregation of duties due to the small size of the organization.

<u>View of responsible officials</u> – Agree with the auditor recommendation. The District is not able to hire the appropriate amount of personnel to eliminate segregation of duties.
