December 23, 2020

Dear Students, Parents and Guardians,

The 2-week average daily rate of new cases is not yet released. Data that I received from Uncas Health District shows that there were 16 cases in the first week of the two-week reporting period and 10 cases in the second week. If there are no changes to the data before reporting by the state, the average daily rate should drop again and be around 25. Lebanon will still be a Red Alert community. Uncas Health District shared that this week, there have been 4 new cases as of Tuesday, December 22. To access the COVID-19 Data website use, <https://data.ct.gov/stories/s/q5as-kyim>.

We will continue with In School instruction for Lyman, LMS and LES for our return on January 4, 2021. Please remain diligent with COVID-19 mitigation strategies. I will monitor the data during the holiday break. I will also be in touch with Uncas Health District officials. I will get information out to you if there is a need to change our status before January 4.

Have safe and joyous holiday celebrations. I wish you all a very Happy New Year!

Sincerely,

Robert J. Angeli
Superintendent of Schools

The Lebanon Board of Education is committed to a policy of equal opportunity/affirmative action for all qualified persons and equal access to Boy Scouts of America and other designated youth groups. The Lebanon Board of Education does not discriminate in any employment practice, education program, or educational activity on the basis of race, color, religious creed, sex, age, national origin, ancestry, marital status, sexual orientation, gender identity or expression, genetic information, or any other basis prohibited by Connecticut state and/or federal nondiscrimination laws.
