January 4, 2021

Good Morning:

At this time the digital consent form for COVID testing for the month of January has been closed. We have reached our quota of 20%.

Thanks to everyone for taking the time to fill it out and be a part of this process. Testing will be January 6, 2021 for staff, and students whose parents want to be present. This will allow us to meet our 10% quota for the first half of the month. All individuals have been scheduled for an appointment.

The week of January 18, 2021, the second 10% of students will be tested during school hours. We have each of these students identified as well.

Thank you again for your continued support and commitment to maintaining our instructional hybrid program and keeping Tonawanda City Schools healthy and safe!

Sincerely,

Amy Edgerton
