

**Student Meals**

Andes Central provides meals to all enrolled students under the guidelines of the National School Meal programs. The national school breakfast and lunch programs are federally assisted meal programs. These programs provide nutritionally balanced breakfasts and lunches to children each school day.

The Andes Central School District participates in the federal Community Eligibility Provision (CEP) meal service option. CEP allows eligible school districts to serve breakfast and lunch at no cost to ALL enrolled students. In the event the district is no longer eligible for CEP, the district will utilize the provisions of the National School Breakfast and Lunch to determine eligibility for free & reduced price meals. The procedures for student meal accounts would then be enforced.

**Fresh Fruit and Vegetable Program (FFVP)**

Andes Central provides a fresh fruit or vegetable snack to students in grades K-5, three days per week when school is in session. The Fresh Fruit and Vegetable Program (FFVP) is a federally assisted program providing free fresh fruits and vegetables to children at eligible elementary schools during the school day.
