# Child Find

News Release 2023 - 2024

**Child Find is a process which provides developmental screenings and comprehensive, multidisciplinary evaluations, when appropriate, for children from birth to age 21.**

**Andes Central School** offers free screenings for any preschool age child (age three to five years) residing within the district who is suspected of having a disability. South Dakota and Federal laws guarantee a free and appropriate education (FAPE) to all children. For more information or to schedule an appointment of a preschool age child suspected of having a disability, contact:

**Andes Central School District**

**Early Childhood Team**

**1001 High Street**

**Lake Andes, South Dakota 57356**

**(605) 487-7655**

**Andes Central School** has an obligation to identify, locate, and evaluate, when appropriate, any child suspected of having a disability who is enrolled in a private or parochial school within the district. For more information contact the school district at the above address.
