

Expenditures/Bond Sale

Revenue-

Revenue from the initial sale of bonds was \$1,568,000.00 with \$2,402.60 in interest for total proceeds of 1,570,402.60.

Expenditures—

Technology Infrastructure	\$884,308.88
Classroom Equipment	\$507,899.11
Bond Services	\$48,770.77
Consultant	\$375.00
Total	\$1,441,353.76

The overhaul of our infrastructure has made the technology advancements in the classroom possible.

Bond Sale—

The initial Bond sale beat all expectations.

Repayments for Measure B are projected to require less than \$.20 of interest for every dollar

borrowed which is significantly lower than estimates prior to election. The tax rate of \$13.50 per \$100,000 is trending downward as well.

What Teachers Are Saying

"The implementation of the technology bond has allowed for seamless instruction differentiation. Teachers and students are also now receiving instant feed-

Students at Schnell use the technology all over campus.

back on the learning that is taking place." Christine Cunningham, Markham Teacher.

"The use of technology in our classrooms has enhanced student collaboration and motivation. As educators, we are able to create meaningful independent and whole group activities while we delve deeper with small group writing and reading

comprehensive skills. Chris Tillisch, Schnell Teacher

What Students Are Saying

"The Chromebooks make learning fun. I love being able to find interesting facts about what we are learning."

2nd Grade Student

"Reflex math helps me learn my math facts. I already have all of them down." 3rd Grade Student

"Google Classroom really helps me stay organized in all

of my classes. I know exactly what assignments need to be done and when they are due. I can even look ahead and see where we are going."

7th Grade Student

"The Chromebooks help us collaborate better on our projects. We can all be working on the same doc or slide at the same time. We can also message each other with suggestions or ideas."

8th Grade Student

A 4th grade student at Sierra School using the J-Touch to teach a math lesson.

"I like to take pictures with my I-Pad and tell a story." Kindergarten Student

"Before we got the Chromebooks we got to go to the computer lab once a week to do a lesson. Now we get to use them everyday and they help me learn easier." 4th Grade Student
