Thank you for signing your Child up for our basketball program. The goal of this program is for our students to develop fundamental skills that will benefit them as they move through our Jr. High and Sr. High basketball programs. We will stress the importance of competition and winning games but moreover, we will stress sportsmanship and insist that our coaches and players model this type behavior. Failure to follow the rules could result in players and coaches being removed from the program. We need volunteers to help in the concessions and the day we play games at our gyms to help clean up after games. We also need volunteers to serve as coaches and assistant coaches. We will make a determination as to who is the most qualified to serve as coaches for our students.

LIABILITY WAIVER: I am aware that participation in the Mulberry Pleasant View (MPV) Basketball Program has some inherent risks and injury can occur. On rare occasions, these injuries can be serious. In consideration of my child being allowed to participate in the Basketball Program, I, the parent/guardian, assume the risk of all injuries and agree that the program directors, coaches, assistant coaches may aid in all injuries caused by or resulting from participating in the MPV Basketball Program.
