January 7th, 2021

Dear Prairie Home Family,

Below is a reminder of the letter that we sent out on November 20th with updates as well. Updates are in bold and underlined.

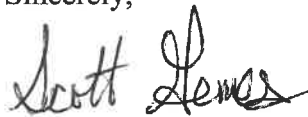

As we prepare to move forward with in-seat learning & indoor athletic events, concerts and other student activities, I wanted to take a moment to let you know of some changes our District is implementing in response to the pandemic. We want to be proactive in our approach to protect the ability for student continuity of in-seat learning. To provide for greater social distancing at basketball games, we will allow each athlete 4 tickets for entry (112 tickets). (For away contests, we will follow the guidance from the host school and will share any ticket or masking requirements they have the week of the contest.) We will be providing a total of 75 tickets for visiting schools to attend our games. Our first home game at Prairie Home is January 19th, so this information could change due to local, state, or national health guidelines. **The limit on attendance will also be in effect for our Homecoming game which is January 22nd. We are looking at different ways and/or different dates to do some of the homecoming events like senior recognition and youth cheerleading performance.**

Attendees at concerts and spectators to athletic/activity events will be required to properly wear a face covering as you enter the building and as you move around in the building. The face coverings may be removed when you are seated in the bleachers with your family pods. **We will have a new streaming location for the games and concerts. It will be on YouTube. Please go to YouTube and search for Prairie Home Panthers. Our channel should appear after that search. We will post a link on the webpage when it gets finalized.**

We appreciate your understanding and cooperation with these new requirements and your assistance in our efforts to help prevent the spread of illness in order to ensure our students maintain access to in-seat learning.

If you have additional questions, please do not hesitate to contact me.

Sincerely,

Scott Gemes, Superintendent
