

## Butteville Elementary School District

### REQUEST FOR QUALIFICATIONS (“RFQ”) FOR ARCHITECTURAL SERVICES

Butteville Elementary School District is requesting Statements of Qualifications (SOQ) from qualified architectural firms to perform architecture/engineering services for the District’s future new construction and modernization projects. Interested firms must have experience with California public school projects which comply with all requirements set forth by the Office of Public School Construction (OPSC). Special consideration will be given for experience with “component” construction and work in remote school districts. It is the District’s intent to select an architectural firm to conduct Conditions and Needs Assessments and to assist in the implementation of projects yet to be identified.

Butteville Elementary School District is in Edgewood, CA, an historic town in [Siskiyou County](#), less than one hour south of the Oregon border and just miles northwest of beautiful [Mt. Shasta](#). Founded in 1865, the school community currently serves around 200 students in grades K-8. The District may pursue a local bond measure in 2018, and is eligible for State eligibility funding. In order to inform the dollar value of the bond measure and identify the District’s project needs, the selected firm’s first priority is to perform a conditions assessment of existing facilities. The District reserves the right to retain the same firm to plan, design and oversee construction of the bond projects.

#### **SUBMITTALS AND DEADLINE**

SOQ submittals will be accepted in print form only, with a total of 3 hard copies and 1 electronic file copy. All submittals must be **received by 3:00 p.m. PST, Friday December 1st, 2017.**

#### **Print submittals may be sent to:**

Alfonso Garagarza, Superintendent/Principal  
Butteville Elementary School District  
24512 Edgewood Rd.,  
Edgewood, CA 96094

This RFQ is neither a formal request for bids, nor an offer by the District to contract with any party responding to this RFQ. This RFQ does not commit the District to award a contract or to reimburse any applicant for costs incurred in submitting qualifications. The District, in its sole discretion, reserves the right to interview any, all or none of the firms submitting to this RFQ; or to amend or cancel in part, or in its entirety, this RFQ.

Date Published: November 09, 2017 on Butteville Elementary School District’s website  
(<http://www.butteville.k12.ca.us>)

#### **SELECTION CRITERIA**

Qualifications submitted in response to this RFQ will be evaluated on the following criteria:

- Depth of public school planning, design and new construction/modernization experience (particularly at the elementary school level), with consideration given to experience in remote school districts.

- 
- Creative project problem solving
  - Experience and/or knowledge of component construction methods
  - Project architect's experience in successful and timely approval of firm's projects through Division of the State Architect
  - Project architect's knowledge of applicable State regulations and California school construction/modernization practices
  - Responsiveness to the RFQ – breadth and quality of response
  - Experience integrating solar into projects
  - References from clients

The successful firm will demonstrate, through its qualifications submittal, that it has carefully studied the District's expectations as stated in the RFQ. This submission must show that the firm has the professional capability and personality to be a full service architect who will facilitate and oversee bidding, construction, close-out and occupancy of each project.

### **STATEMENT OF QUALIFICATIONS**

The Statement of Qualifications should include the following items. Please respond in the same order/format listed below.

#### **1. Cover Letter/Letter of Interest**

- Letter must be signed by a representative with authorization to bind the firm.
- Include name, address, phone number and e-mail address for the primary point of contact where communications concerning this RFQ process should be directed

#### **2. Firm Organization; Credentials and Background**

- Brief firm history and description
- Length of time working with public school districts in California
- Location of office (address and phone number) which will perform services associated with this work
- Size of staff
- Capacity to service Butteville Elementary School District in rural central Sierra Nevada.

#### **3. Relevant Experience**

- Describe the firm's depth of public school planning, design and new construction/modernization experience (particularly at the elementary school level) and/or with remote school districts.
- At least one (1) example of facilities needs assessments that your firm has completed for a comparable school district. Include the following information:
  - Brief description of the scope of services
  - Size of the school district
  - Number of school sites involved
  - Total dollar value of the identified project needs
  - Year completed or current status
- Include a minimum of three (3) relevant K-8 school projects within the last five (5) years and provide the following information for each project:
  - Project name and location

- Project type and brief description (include any unique challenges or problems that needed to be solved by the design team)
- Year completed or current status
- Total construction cost (or budget if not complete)
- Size of the project

#### **4. Project Team**

- Identify design team members and their relevant experience for the prime firm and any sub-consultants
- Provide an organizational chart showing the District's relationship to your firm and any sub-consultants; identify who will be the primary contact for the District
- Resumes for key team members of the prime firm, including:
  - Principal-in-Charge
  - Project Manager
  - Project Architect/Designer
  - Any others who will work on the District's projects
- Provide the following information for all sub-consultants (at a minimum, include structural, civil, mechanical, electrical, landscape architecture and cost estimating):
  - Firm name
  - Location of office (address and phone number) which will perform services associated with this work
  - Relevant project experience (particularly at the elementary school level)

#### **5. Approach/Methodology**

- Describe your firm's approach to school new construction and modernization projects.
- Describe your firm's approach to cost estimating, including a recent history of cost estimates versus actual bid amount (or GMP) on a minimum of three (3) projects completed in the past five (5) years.
- Describe your firm's experience with State and local agencies, including the Division of the State Architect (DSA), the Office of Public School Construction (OPSC), the California Department of Education (CDE), State Fire Marshal and local jurisdictions.
- Describe your experience with various construction delivery methods (i.e. design-bid-build, design-build, lease-leaseback, etc.).
- What is your firm's quality control/quality assurance procedures, including coordination of design disciplines and DSA final close-out with certification?

#### **6. Client Satisfaction/References**

- List a minimum of three (3) education client references for whom your firm has performed similar project services. Include contact name, title, client/school district, address, phone number and e-mail address. At least one (1) contact must be for project experience cited under Section 3 above.

#### **The schedule for selection of the architectural firm is as follows:**

Issuance of RFQ:	October 17, 2017
SOQs Due to District:	October 27, 2017 (by 3pm)

Interviews: To Be Determined  
Selection of Architect: To Be Determined

**CAUTIONARY STATEMENTS**

1. Direct contact with members of the School Board. Respondents are warned that any direct contact with a member of the Board of Education regarding a proposal is likely to result in that firm's disqualification from the process.
2. Sufficient information has been presented in this RFQ to submit a proposal. The District requests that firms direct all questions in writing, via e-mail to Alfonso Garagarza, [alfonso.garagarza@butteville.k12.ca.us](mailto:alfonso.garagarza@butteville.k12.ca.us) and not contact the teachers or maintenance staff directly. These individuals are not directly involved in the RFQ process but may be involved in the design process.
