RE: Update to Manchester Elementary School

Dear Students, Staff, and Community,

Late Friday evening we received confirmation that the pending student test was positive. As a result of that information **Manchester Elementary School will be remote all of next week January 11th through January 15th.** School will reopen to in-person instruction on Tuesday, January 19. (Monday January 18th is Martin Luther King day with no school due to the holiday.)

All student and staff close contacts have been notified of all necessary quarantine, monitoring, and testing information.

We will get another communication out shortly after arrangements are finalized for meal service.

All other Maranacook schools will run as scheduled.

Questions can be directed to Abbie Hartford, the principal or the school nurse by calling the Manchester Elementary School at 622-2949.

Sincerely,
Jay Charette
Superintendent of Schools
