

**Cooperstown Central School Proudly Presents  
2020-2021 High School Wellness Webinar Series**

This year's health fair will take place in the form of several webinars throughout the year. The information for these webinars will be shared with you through your Physical Education classes and recorded as a participation grade for Physical Education class. Attendance will be taken and you will have a survey/quiz to complete for your PE class following each presentation. This will be given through your PE google classroom.

We are proud to announce our second speaker for 9-12th graders:

**Dr. Kjolhede, Bassett Medical Center**  
***"Organ Donation"***

Please click on the zoom link to join the webinar at 8:25am.

**Friday, January 15, 2021 @ 8:30am**
