

2018 District Pesticide Notice:

In the course of operations, pesticides and herbicides will be used in the Van Dyke Public School District. Throughout 2018, district personnel and various licensed vendors will periodically apply herbicides for weed control on athletic fields, stadiums, fence lines, sidewalks, parking areas, etc. These materials are used in accordance with proper application procedures and regulations. Please direct specific questions to the Facilities Dept., (586) 759-9439 or call the National Pesticide Information Center at 1-800-858-7378. Further information may be obtained at <https://www.epa.gov/pesticides>.

If you would like to be notified when herbicide and pesticides are being applied please contact Jeffrey VanConant, Director of Facilities and Operations, at (586) 759-9439
