

How to complete your Wellness Screening through the Skyward Mobile App

Log into Skyward Family Access Mobile App:

1. Scroll down to “Wellness Screenings”
2. Click on “Today’s Screening”

3. Answer two questions and click "Submit"

Q i

1. In the last 24 hours, have you experienced any of the following Class A or two or more of the Class B symptoms in a way not normal to you?

Class A symptoms:

- Fever (defined as subjective or 100.4 F or higher)
- Cough
- Loss or sense of taste and/or smell
- Shortness of breath

Class B symptoms:

- Fatigue
- Headache
- Muscle or body aches
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea (defined as 2 or more loose stools in 24 hours)

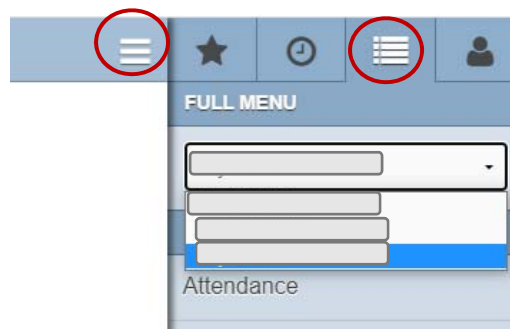

Yes No

2. In the last 14 days, have you been in close contact with a suspected or confirmed case of COVID-19 or tested positive yourself?

More Information v

Yes No

If you need to complete additional screenings for other students, click on the menu bar at the top right of the screen:

If you are an employee and have students in the district, you can switch between your student's Wellness Screening and your own screening.

Switch to Self Screening

1. In the last 24 hours, have you experienced any of the following Class A or two or more of the Class B symptoms in a way not normal to you?

Class A symptoms:

- Fever (defined as subjective or 100.4 F or higher)

PARENT SCREEN OF STUDENT FOR COVID-19

QUARANTINE DURATION

If recommended 14 days is not possible, these two options are acceptable alternatives:

- If a person who is in quarantine has no symptoms, quarantine can end after Day 10.
- If a person who is in quarantine receives a negative COVID-19 test and has no symptoms, quarantine can end after Day 7. The person must be tested on or after Day 5, and quarantine cannot be discontinued earlier than Day 8. Even if a negative test is received before Day 8, the quarantine period should still be a full seven days.
