Your public schools...
There's no better place to learn.

January 14, 2021

Dear Dufur School Supporters,

We look forward to welcoming your students back to Hybrid Learning on Tuesday, January 19! Although challenging, the 2020-21 school year is nearly halfway over. Thank you for your continued support of our ever-changing student schedule as we work to meet state Covid guidelines for schools.

In accordance with ODE Ready Schools Safe Learners guidance, we are asking students to follow the updated recommendations:

- Face masks are preferred over face shields except when a person has a medical condition that prevents them from wearing a mask, when staff needs to see mouth and tongue motions in order to communicate, or when an individual is speaking to an audience for a short period of time and clear communication is not possible.
- All students should come to school with a mask, preferably two or more layers of washable, breathable fabric. It is important that it completely covers the nose and mouth and fits snugly around the face. Masks with exhalation vents allow particles to escape and are not recommended. The school has purchased a supply of masks that are available at all school entrances and on the buses as well.

On another topic, the district has received a grant for nearly \$ 100,000.00 dollars to fund and expand our summer school program. We are in the early stages of the planning process; as details become available we will share them with you.

If you have any questions please call the school.

Sincerely,

Jack Henderson, Superintendent
