Newberry High School Family:

It is with immense Bulldog Pride that I introduce myself to you as the new Principal of Newberry High School. I am Dr. Brandon Ross and I am excited to be a part of the rich legacy and heritage of Newberry High School. Newberry is home to amazing students, faculty, staff, and families. We are also surrounded by what I know will continue to be a supportive community. I have already witnessed first-hand how amazing our school community is through the warm welcome that I have already received.

As Principal of Newberry High School I commit to you that we will continue to “Dominate in all Areas of Schooling!” Through Rigor, Relationship, Access, Accountability, Creativity, Collaboration, Engagement, and Equity we will serve as a leading innovator amongst high schools in our state and nationally. At Newberry High School students will continue to “Set the Standard for Excellence” through our commitment to pursuing optimal outcomes in everything that we do.

As we prepare for the 2022-2023 school year I look forward to connecting with our families and partners in support of our students as they pursue their secondary and post-secondary goals relentlessly. There is so much talent at Newberry High School and I look forward to showcasing our Bulldog Pride in all of our pursuits.

My wife Angel and daughter Madison are also beyond excited to join the Newberry High School family. As we patiently await the arrival of Baby Brooklyn, I’m sure she can also feel all of our excitement as well. I know that you will welcome my family just as many of you have already welcomed me. We look forward to being visible in the Newberry community to further connect with all of our partners.

All The Best,

Dr. Brandon R. Ross
Newberry High School
Principal
