### **Executive Summary:**

This budget packet will be covered in the board meeting on June 12, 2023, and will serve as our final recommended budget amendment of the 2022-23 fiscal year. We will ask you to approve the included budget resolution at the same meeting. This budget has been prepared in accordance with all applicable State of Michigan requirements, considering all currently known factors.

#### **Financial Section**

### 2022-23 General Fund Budget Amendment #2:

This comparative worksheet and budget resolution provide the second and final recommended budget update for 2022-23 fiscal year. This budget is based upon certain assumptions as well as several updated factors since the budget was adopted in June, 2022 at the annual budget hearing. The updated assumptions for the 2022-23 budget are:

- Pupil Count total pupil count of 3,567 for 2022-23. There are several components to this:
  - o Traditional K-12 count K-12 student count of 3,537.
  - o Alternative education student count of 24 students.
- State Aid Revenue the per-pupil foundation allowance of \$9,150 which was recognized in Budget Amendment #1.
  - Section 31a At-Risk due to the state now fully funding this grant, the revenue is \$487,467 higher than the original budget. This was recognized in Budget Amendment #1.
  - Section 35 early literacy funding of approximately \$50,000 which is approximately \$9,000 more than the original budget.
  - Section 147 pension funding of over \$6 million more detail below in the "MPSERS" section.
     Section 61d CTE pupil incentive funding approximately \$2,800.
  - o Special Education expenditure reimbursement − the state has increased the reimbursement slightly for the 2022-23 school year.
- Revenue other than State Aid
  - Local Revenue has increased by approximately \$238,000. This is from increase in property tax
  - o Federal Revenue has increased due to ESSER related grants.
- MPSERS pension expenditures and state funding assumptions include:
  - The base pension rate has remained the same at 29.21% and defined contribution costs are expected to continue to increase as new employees participate in new plans implemented over the past several years.
  - Section 147c funding is projected at approximately \$5.4 million, a \$1,000,000 difference from the original 2022-23 projection of \$3.4 million. This large increase is due to another influx and deduction of almost \$2,000,000. This equates to 27.97% of the previous year's payroll and approximately 26.43% of this year's projected payroll costs.
- Grant Revenue Assumptions:
  - o Title I-A − The projected grant budget for 2022-23 is approximately \$334,000.
  - o Title II-A The projected grant budget for 2022-23 is approximately \$73,000.
  - o Title III The updated 2022-23 grant allocation is approximately \$1,100.
  - o Title IV The 2022-23 grant allocation is approximately \$25,000.
  - o Indian Ed This grant is expected to continue with an approximate allocation of \$20,000.
  - o IDEA The total projected revenue available among the three IDEA grants is approximately \$1,724,000. This amount also includes two ARA grants passed through the MAISD.

- ESSER As of the preparation of this budget, not all ESSER funds have been allocated for the district's access. During this initial budget, the only amount of ESSER revenue recognized is directly aligned with the approved expenses. These grants will be updated during future budget amendments.
- Staffing and compensation employee wages and benefits account for 77.74% of the amended 2022-23 budget which is lower than the original 79.78%.
- Updated allocations for other major contracts, and district and operational needs, have resulted in changes as compared to the Budget Amendment #1.

This proposed budget factors all assumptions above and includes total revenue of approximately \$50.2 million in revenue and \$48.9 million in expenditures, for a projected spending surplus of \$1.28 million. The beginning fund balance for 2022-23 is approximately \$5.8 million, or 11.8% of 2022-23 expenditures, and this amended budget will leave a fund balance of approximately \$7 million at the conclusion of the year, or 14.5% of projected 2022-23 expenditures.

### 2022-23 Food Service Fund Budget Amendment:

This budget resolution is the final recommended update for the food service fund budget for the 2022-23 fiscal year. This budget is based upon certain assumptions and updated factors since the initial budget was adopted in June, 2022. The updated budget assumptions for the amended 2022-23 budget are:

- Adjustment to revenue sources. The local sales are much higher than anticipated due to adult meal sales and student a-la-carte sales.
- Direct staffing labor costs have been adjusted downward compared to original projections due to staff transitioning to SFE and retirements.
- Food costs have increased due to higher food costs and supply chain issues which have also increased costs.
- Purchased service costs have increased due to more staff moving over to SFE.

The proposed budget factors all assumptions above and includes approximately \$1.57million in revenue and \$1.91 million in expenditures, for a projected fund balance decrease of \$45,080. Our audited fund balance for the 2021-22 is \$644,306 and this final amended budget will leave an estimated \$299,226 at the conclusion of the 2022-23 year.

### 2022-23 Technology and Security Fund Budget Amendment:

This budget resolution is the final recommended update for the technology and security fund budget for the 2022-23 fiscal year. This represents the eighth year of the ten-year voter approved enhancement millage. The voters of the Muskegon Area ISD approved a 10-year, 1 mill levy to districts in February, 2014. The District receives property tax receipts passed through Muskegon Area ISD, with the bulk of the funds coming during winter tax collections. The updated budget assumptions for the amended 2022-23 budget are:

- Estimated revenue from tax collections passed through MAISD: about \$772,200.
- There were only slight changes in expenditures in comparison to the original budget.

This proposed budget includes total revenue of approximately \$772,200 and expenditures of approximately \$986,000. We have continued to budget conservatively, and some initiatives will be carrying over into the 2023-24 fiscal year. With the projected beginning fund balance of \$508,159, this would leave an ending fund balance of approximately \$294,011 at the end of the 2022-23 year.

#### 2022-23 School Activity Fund Budget Amendment:

This budget resolution is the final recommended update for the school activity fund budget for the 2022-23 fiscal year. This budget is based upon certain assumptions and updated factors since the initial budget was adopted in June, 2022. The updated budget assumption for the amended 2022-23 budget are:

- Local revenue is much higher in comparison to the initial budget due increases in fundraising activities.
- The expenditures are also much higher due to higher rates of student activities in comparison to last year.

### **Supporting financial information:**

- 1. Comparative budget worksheet showing line items as a percent of total revenues or expenditures. This gives us a manner of gauging where our resources are directed and how our budget decisions affect the allocation of those resources as pieces of the total pie.
- 2. A breakdown of our general fund budget into detailed functional and object categories. This shows the breakdown of salaries and wages, benefits, purchased services, supplies, capital outlay, and other expenditures in each function required in our reporting to the State of Michigan.
- 3. Updated graphs of R-PS K-12 enrollment, MPSERS pension rates, and State of MI per-pupil funding, MAISD fund balance levels. These graphs have been included in past budget packets and are updated for projected 2022-23 values.

### **Informational Section**

This section contains a glossary which defines the budget categories. This can be a useful reference if you have questions about what expenditures are included in certain areas.

Steve Edwards

### INFORMATIONAL SECTION

### **Definitions of Operating Expenditure Categories:**

**Instructional Expenditures** – Instruction includes the activities dealing directly with the teaching of pupils or the interaction between teacher and pupils. Teaching may be provided for pupils in a school classroom or in another location. Included here are the activities of classroom teachers, classroom aides, teacher assistants, supplies and machines that directly aid in the instructional process. This includes basic instruction, pre-school, summer school, and added needs instruction, which covers special education and other compensatory programs. CEPI also includes athletic program expenditures in this category.

**Pupil Support Services -** Consist of those activities that are designed to assess and improve the well-being of pupils and to supplement the teaching process. Included in this area are the cost of guidance counselors, occupational therapy and other health services, psychological services, speech pathology, social work, and other pupil support activities.

**Instructional Staff Support Services -** Consist of activities associated with assisting the instructional staff with the content and process of providing learning experiences for pupils. These activities include curriculum development, techniques of instruction, in-service training for instructional staff, library and educational media services, and supervision and direction of instructional services and program compliance.

**General Administration -** Consist of those activities concerned with establishing policy, operating schools and the school system, and providing the essential facilities and services for the staff and pupils. Also included are community relations. This area covers the board of education and superintendent's office.

**School Administration -** Consist of those activities concerned with overall administrative responsibility for a single school. This covers the office of the principal and related building-specific administrative staff.

**Business Services -** Activities concerned with purchasing, paying, transporting, exchanging and maintaining goods and services for the school district. This includes fiscal services, which covers budgeting, accounting, and payroll services, as well as costs associated with short-term borrowing.

**Operations and Maintenance -** Activities concerned with keeping the physical plant open, clean, and ready for daily used, as well as maintaining order and safety in school buildings. They include operating the heating, lighting, and ventilation systems, and repairing facilities/equipment. Also included are operating building leases, property and liability insurance, janitorial and ground maintenance costs.

**Transportation -** Activities concerned with the conveyance of pupils to and from school. It includes trips between home and school or trips to school activities. All other direct costs related to pupil transportation should are included under this function, i.e., physical exams, uniforms, school bus driver licenses, awards, bus monitors, etc.

Central and Other Support Services - Activities other than general administration that support each of the other instructional service programs. This covers a number of areas, including human resources, technology services, pupil accounting, and other support services. Human resources covers such activities as recruiting and placement, staff transfers, in-service training, health services, staff accounting, and staff relations and negotiations. Technology services include supporting administrative networks, maintaining administrative information systems, and processing data for administrative and managerial purposes. Includes costs associated with the administration and supervision of technology personnel, systems planning and analysis, systems application development, systems operations, network support services, and hardware maintenance and support.

**Community Services** – Services provided by the school system for the community as a whole or some segment of the community, such as community recreation programs, civic activities, public libraries, programs of custody and care of children, and community welfare activities.

**Facilities Acquisition -** Activities concerned with initially acquiring and improving sites. This includes architectural services, site work, construction, and building improvements.

**Debt Service** – Payments made for principal and interest on short- or long-term obligations.

**Capital Outlay -** Expenditures for the acquisition of fixed assets of additions to fixed assets. They are expenditures for land or existing buildings, improvements of grounds, construction of buildings, additions to buildings, remodeling of buildings, initial equipment, additional equipment, and replacement of equipment.

**Other Transactions** – Payments to other districts in sub-grantee relationships and prior year adjustments.

**Fund Modifications** – Inter-fund transactions paid to distinct funds within the district's control to support operations in that fund.
