Do you need a few extra points on your ACT to earn scholarships or get into college? Then this workshop is for you!

This is NOT a practice test, but the workshop does cover general ideas about each of the sections on the ACT:

- English - learn what the test-makers are looking for and the relevant rules.
- Math - learn formulas and rules to answer virtually every question.
- Reading - learn strategies and three methods for taking the comprehension section.
- Science - learn common question types and strategies for science reasoning.

How do I enroll?

1. Reserve your seat by calling the Pryor Campus at 918-825-5555.
2. Bring your payment of \$30 on the day of the class. Cash or check only; checks payable to Chad Cargill.
