# ROADMAP TO READINESS

We are continuing to compile a comprehensive Health & Safety Protocols document.

OKSDE's Return to Learn Checklist is incorporated into our district readiness framework providing our district with a comprehensive Roadmap to Readiness for 2020-21.

CPS will need the help of teachers, parents, and support staff in reviewing, editing, and finalizing/implementing our plan to return to school.

Never before have we been faced with such a task! Yet, as those committed to our children's very lives, we must be successful in this endeavor. Despite the unrest in our society, the uncertainty of these times, and the difficulty of our task, we are emboldened by the fact that we are in this together as a district, together as a community, and together as a city.
