JANUARY, 2021

FROM THE FALCON'S PERCH

- Justin Patterson, Superintendent

Falcon Nation,

The district continues to work within the guidelines and recommendations from the Nebraska Department of Education, The Nebraska Schools Activity Association, and Two Rivers Health Department. I am hopeful that our District is past the worst of the outbreaks of Covid among our staff and student body. Thank you for all of your support and understanding during what has turned out to be a very difficult time for everyone. We hope all is well within your households.

During our January board meeting, we said goodbye to two board members. Roger Boyer and Aaron Pistulka both served one four year term. They helped make decisions that will forever impact the students of our district. We are grateful for their service to the district the last four years and wish them well in their future endeavors. Their seats on the board will be filled by newcomers Alan Casper and John Donley. If you have the opportunity, please thank each of these gentlemen for their time and dedication to our school district.

If you are interested in donating a financial contribution to support the Beef in Schools Program or would like to donate a beef, please contact Justin Patterson. If you are a beef producer who would like to donate, please make arrangements with the school well in advance, as the processing will need to be scheduled months in advance. Financial donations help the school district offset the processing costs of the beef. Thank you for your support of the Beef in Schools Program at Wilcox-Hildreth.

Go Falcons,

Greetings Falcon Nation,

As we come off of the holiday break I am reflecting on our first semester and how thankful I am that we were able to remain in person learning the entire semester and for our staff and all of the work they do. As I look around the buildings each day I see some of the extra duties that have been added to them. Many of the new jobs they have picked up go unnoticed by most people and they also go unrecognized. I would like to recognize one of those groups of people. I read a message by Becky Reier from Kearney and it got me to thinking about how I overlook some of the things that are being done. Some of the following thoughts came from her. This group of people are part-time employees of the district and yet hold one of the most precious jobs. Some of them are retired from other jobs, while others work a full-time job besides working part-time for us. They are the first school personnel some students see in the morning and the last one after school. This group of people are our bus drivers. Bus drivers must attend an eleven hour training, a yearly two hour training, a four hour refresher course every 5 years, obtain a CDL, air brake endorsement, and bus driver endorsement, pass a DOT physical, a dexterity test, random drug tests, yearly DMV check, and register with a drug and alcohol clearinghouse. Then they get the privilege of transporting our most precious gift, our children. They take them to school and back, on the shuttle between buildings, and to all sorts of activities. Bus drivers handle this tremendous responsibility of getting our students where they need to go safely while managing student behavior. They do it with compassion as they listen to students' stories over and over again. They build relationships with these students and encourage them. This is not to mention that they perform this job in all kinds of weather and country roads that may not be in the best condition after heavy rains or snowfall or possibly fog. Bus drivers are team players that are flexible to the wishes of coaches and sponsors. Be willing to stop so the kids can eat after the drivers themselves have had a long day at work that may have started at 6:00 a.m. with the pre trip bus inspection that they have to perform everyday. They do this knowing they will be up early in the morning getting ready for their route. While I have to say it is a somewhat thankless job, many of our students do tell the bus drivers thank you as the students exit the bus. These drivers are willing to serve our district and we are grateful for them. **Bus Driver Appreciation Day is February 24th** this year. If you see one of the following people please tell them thank you for the excellent job they do. The following drive buses for us on a daily basis: Ryan Jurgens, Roger Blank, Judy Schepler, Wayne Schepler, Brad Youngmark, Ryan Knaus, and William Henderson. Also, we have substitute bus drivers with: Robert Bennetts, Justin Patterson, Aaron Pistulka, Carla Wilson, Nurita Lambert, and myself. Thank you drivers for being willing to take on the responsibility of transporting our students and staff safely to their desired destinations. You are appreciated!

Go Falcons!

SCHOOL STUFF

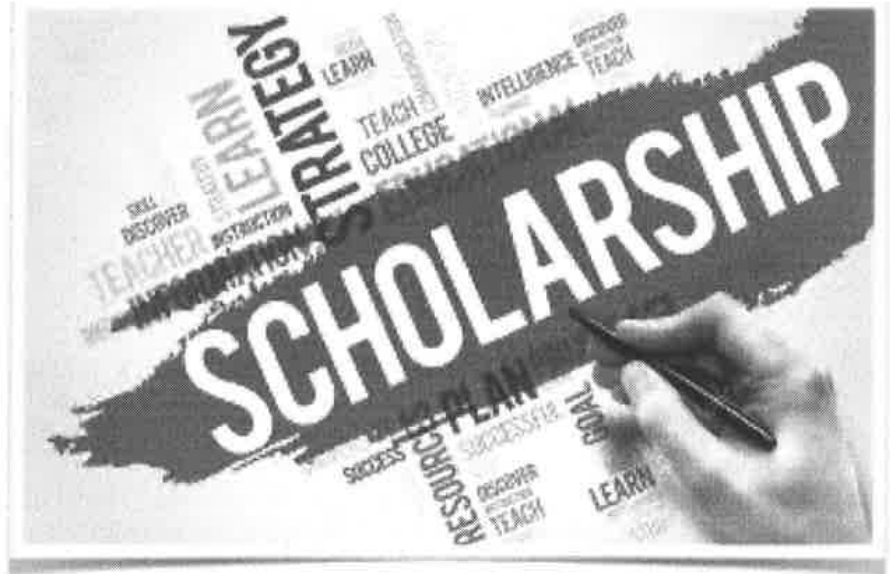

7-12 Counselor Updates

NHS Induction Ceremony

Congratulations to our new National Honor Society inductees: Jayden Bauer, Evan Blank, and Chase Johnson. An induction ceremony will take place on January 21st in the south gym. Parents and family members are invited to attend. Brooke Quadhamer, Abby Klein, and Alexi Henery, our current members, will lead the ceremony.

Freshmen Group

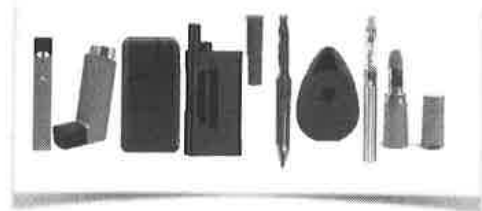

This semester, freshmen group is going to be focusing on careers and options to consider for life after high school. Freshmen all took a career test that matched the level of education they are considering with their interests. We will continue to explore careers and talk about how strengths and interests play a vital role in deciding on a career. Freshmen also looked at their transcripts and discussed the importance maintaining a high gpa and passing classes.

Scholarships for Seniors

Scholarship season is in full swing! If you have not applied for the FAFSA, it is important to do that as soon as possible. Some of the scholarships require the FAFSA and the documents it produces to be eligible. One of the major scholarships students with financial need apply for is the Susan Buffett, which also requires the FAFSA to be completed before its deadline. If you need help completing this document, Education Quest is a great resource to consider! They will zoom with you

Vaping

Vaping is an ongoing issue that a lot of teens are experimenting with. Vapes are easy to hide and often look like every day items such as pens or jump drives. Teens are usually drawn to vaping because of the different flavors they come in and the instant high they can experience.

Vaping is a dangerous alternative to smoking because of the high concentration of nicotine they contain. The chemical composition is also hard to regulate and some contain THC or other drugs.

Please talk to your student about the dangers of vaping. If you would like more information, here are some good websites to consult:

Upcoming Scholarship Deadlines:

I will continue to post updates on the scholarship page, which is located on the school website. Some important upcoming deadlines include:

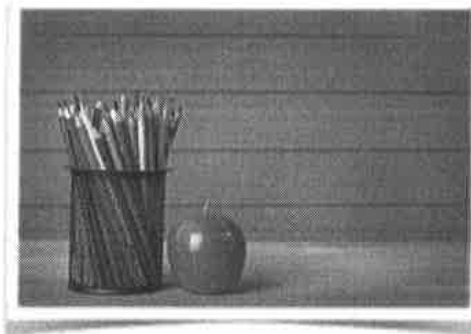

- Susan Thompon Buffett: Due Feb. 1st
- UNL Personal Statement for Scholarships: Due Feb. 1st
- UNK Teacher's Scholars and Davis Chambers: Due Feb. 1st
- Phelps County Community Foundation Scholarships: Due Feb. 15th

There are many of other scholarships on the webpage, so please continue to check there and on ScholarshipQuest, which every senior has an account on.

Jr. High Guidance:

The junior high students are continuing to meet every other week.

During first semester, we focused on transitioning into middle school, asking for help, and staying organized. This week, they took a "Needs Assessment" to help decide where our focus for second semester should begin. Some of the areas they would like to focus on include: Time Management, Conflict Resolution, Leadership, and Problem Solving. We will continue to address these needs throughout the semester and work on career exploration.

PBIS STAFF DEVELOPEMENT

January 4th served as an opportunity for teachers to prepare for the beginning of the second semester before students returned. Part of the preparation was to continue planning for a newly implemented program called PBIS (Positive Behavior Intervention and Supports). Lona Nelson-Milks, SPED Director of ESU 11, also helped with PBIS staff development.

PBIS is an evidence-based process that works to increase student achievement, school attendance, and academic success while decreasing challenging behaviors.

Wilcox-Hildreth School formed the PBIS team over a year ago. The program is funded by a grant through the Nebraska Dept. of Education (NDE). The team consistently works with a PBIS coach provided by NDE to help establish best practices for implementing consistent expectations and common language and practices for students. The members of the team include Shannon Lovin, Kelly Simmons, Hana Mach, Jordan Glenn, Brandy Lunsford, Tiana Gibb, Katie Hohensee along with some parents and students whenever possible.

This semester you may see posters around the building that list the expectations of that location in the school building. The main goal of each location is to "SOAR".

SCHOOL IMPROVEMENT STAFF DEVELOPEMENT

The January 4th staff development day was also a time for the Wilcox-Hildreth teachers to work with Kate Hatch, the Staff Development Director at ESU 11. The teachers learned how to implement the Six Traits of Writing in their curriculum.

This area of focus was chosen to help the teachers take steps in reaching the school improvement goal, *TO INCREASE STUDENTS' LANGUAGE USAGE AND WRITING SKILLS ACROSS ALL CURRICULAR AREAS.*

The 6th graders earned a party when they were able to reach and exceed their class goals they set for their Winter MAP testing.

Mrs. Gibb reminded the 4th graders "donut" stress and do your best on the Winter MAP testing. The class celebrated their success of reaching their goals with a donut party.
