

# 2021 Spring Youth Arts Class Descriptions

Visit [www.hopecat.org](http://www.hopecat.org) to enroll!

## Multi Studio

### Collab Lab

For the first time ever, we're offering a multi-studio course that will focus on ceramic **and** printmaking techniques used in collaboration (you'll get to use our Digital Arts laser, too!) If you like mixing different art mediums, collaborating, and experimenting with new techniques this class is for you.

This class is appropriate for **beginner/intermediate level artists**.

Day: Monday

TA: Cheka and Christian

## Printmaking

### Pins, Patches, Posters Oh My!

This class is a hybrid course that will utilize the printshop and digital arts tools. Students who are interested in making their own product line will love this course. You will learn how to make pins, patches, and posters from your original drawings and photographs!

This class is appropriate for **beginner/intermediate level artists**.

Day: Wednesday

TA: Cheka

### Fibers, Scrap Lab

Want to learn how to upcycle fabrics and clothing to create original and unique art pieces?! If you are interested in weaving, dying fabric, and experimenting with different fabric techniques this class is for you!

This class is appropriate for **beginner level artists**.

Day: Thursday

TA: Cheka

## Painting/Drawing

### Pencil and Beyond

Learn how to take what you see in life and translate it to paper using several different drawing techniques! **This drawing class will have both introductory level teachings stacked with projects for returning drawing students.**

Day: Tuesday

TA: Rachael

### Paint Slingin'

Learn how to use oil paints and mediums to create exciting, colorful paintings on canvas!

**This oil painting class will have both introductory level teachings stacked with projects for returning painting students.**

Day: Wednesday

TA: Rachael

### **Figure It Out**

Learn how to draw the human form, starting with portraiture and expanding to the full body, from what you see on the surface to the anatomical support below the skin!

This class is appropriate for **intermediate/advanced** level 2D artists.

**Day:** Thursday

**TA:** Rachael

### **Greenware**

Join us for our introductory ceramics class to learn the basics of how to throw and build with clay.

This class is appropriate for **beginner level artists**.

**Day:** Tuesday

**TA:** Dallas

### **Go big, or Go Home**

Students can choose Pottery or Sculpture but either way we're going BIG! Sculptors will work on a large-scale piece and potters will learn how to build multi sectional forms.

This class is appropriate for **advanced level artists**.

**Day:** Wednesday

**TA:** Christian & Dallas

### **Sundae, Sundae, Sundae!**

In this class, we will concentrate on making functional serving dishes for eating ice cream and other yummy deserts!

This class is appropriate for **beginner/intermediate level artists**.

**Day:** Thursday

**TA:** Christian & Dallas
