ACTIVITIES DIRECTORS' MESSAGE

The Harvey Public School District and the Fessenden-Bowdon Public School District enthusiastically support an activities program as a positive and valuable means of education and recreation when organized along the following guidelines.

1. Participants in extracurricular activities are treated as regular students. No special consideration is given them for grades or assignments.
2. The activities programs are conducted for the benefit of the participants with maximum concern for their safety, health, and well-being.
3. Full allegiance must be given to the North Dakota High School Activities Association and its constitution and by-laws.
4. Coaches/Advisors employed as regular faculty members and just as other teachers, are expected to exhaust all legitimate channels for promoting the highest level of excellence in the program, and are to be evaluated on the basis of their loyalty and contribution to the total school program.
5. All involved must be mindful that participation in activities is a privilege earned by meeting certain expectations.
6. A "participation fee" is ***NOT*** an "equal playing time fee." Payment of participation fees does not guarantee equal playing time.
7. Exemplary sportsmanship is an expectation of both the Harvey and Fessenden-Bowdon Public School Districts. Good sportsmanship is a primary goal of our activities programs. Both adults and students are expected to exhibit good sportsmanship during athletic and other activity events.
8. When activities are scheduled, venue consideration is based on a number of factors including, but not limited to, geography and proximity of opponent, scheduling balance, District/Region opponents, locker room space, available seating, etc. Every effort will be made to provide equity and balance in scheduling of extracurricular events.

In pursuance of these policies and beliefs, the activities are organized under the direction of the Activities Directors, who are directly responsible to the Building Principals and/or the Superintendents/School Boards.

Students are encouraged to participate in at least one of the activities offered by each of the Harvey and Fessenden-Bowdon Public School Districts to bring added fulfillment to their school experience.

Mr. Daniel W. Stutlien
HWC Activities Director

&

Mr. Aaron Loff
HWC Asst. Activities Director

The Harvey Public Schools and the Fessenden-Bowdon Public Schools Administrative Teams, with the advice and consent of their respective School Boards, have adopted a flat activity participation fee of **\$90 per Student** for **Grades 7-12** during the 2020-21 school year. Payment of this fee is required for participation in not only extracurricular activities, but also for participation in both competitive co-curricular activities and other student activities offered in each School District (see partial list in box below). This is a **Per Student Per Year Fee, *not per individual activity!*** Students will **NOT** be allowed to participate in any school sponsored activities until this fee is paid in full.

Payment of this fee also entitles each paying student to an **Activity Pass** for free admission to all Harvey and Fessenden-Bowdon Public School District home activities / events (***does not include tournaments***). Students will be **required** to present their pass at the admission gate in order to gain admission ~ Failure to present the pass, even if one is purchased, will require the standard \$4.00 fee for student admission.

ACTIVITIES PHILOSOPHY

The program of interscholastic activities at Harvey and Fessenden-Bowdon Public Schools is organized and conducted as an integral part of the total educational program of the school. The objectives of the programs must conform in every respect to the general mission of the school.

Strong and healthy bodies, alert minds, a high sense of sportsmanship, enjoyment, and a love of teaching and coaching should be the outcome of the activities programs at the school. For the student and alumni alike, the values include the development of a sense of pride in the total educational program, the development of tradition and school spirit, sportsmanship and loyalty.

BASIC PRINCIPLES OF ACTIVITIES

Certain principles must be adhered to:

1. Coaches/Advisors shall meet all requirements expected of faculty members, be employed on the same salary schedules, and shall abide by the same rules and regulations and privileges pertaining to all other faculty members.
2. All participants shall be afforded the utmost protection while engaged in school sponsored events both during the event and while traveling to and from events. The participant's general health and physical welfare must be the *FIRST* concern.
3. Sound equipment, safe conditions, and channels for assuring proper training and medical attention shall be available at all times.
4. No member of the staff or faculty shall feel that employment depends on winning or losing, although we shall strive to the utmost to give our best effort.
5. Activities during school time will be kept to a minimum.

ATHLETIC ASSOCIATIONS AND CONFERENCES

The rules, principles, and the spirit of the NDHSAA, and other organizations to which the school may belong, will be considered minimum standards, and will be vigorously subscribed to and enforced.

SCHOOL SPONSORED ACTIVITIES ON CHURCH / FAMILY NIGHT

Wednesday night is designated as Church / Family Night in the Harvey and Fessenden-Bowdon communities. School sponsored activities are to be concluded prior to 6:00 PM. Everyone is to be out of the building by 6:00 PM.

1st & 3rd WEDNESDAY AFTER SCHOOL ACTIVITIES

Music and all clubs and organizations can meet and work in their areas on the 1st & 3rd Wednesday of each month. Music will have exclusive rights until 3:45 PM. Athletic teams may practice after 3:45 PM (*church/family night rule continues in effect*). No athletes shall be in the gym, locker room, or practice field until 3:45 PM when music practice is completed.

SPECTATOR AND STUDENT RELATIONSHIPS

The effect on the morale, spirit and loyalty of students, alumni, and other members of the school and community must be recognized. The development of furtherance of loyalty, pride in the school, sportsmanship of players and spectators, appreciation of skillful performance and realization of the educational aspects of activities will continue to be emphasized, rather than the use of the program as a money making venture or as spectacular advertising of the school, team, players, or coaches. Activities will be conducted at the highest possible level, and the students, alumni, and other interested citizens will be encouraged to support the entire program in every legitimate way.

SPORTSMANSHIP

The school administration is committed to the practice of sportsmanship in the conduct of all interscholastic competition. To be successful, it is critical that everyone consistently behaves in a sportsmanlike manner ~ coaches, student activity participants, parents and other fans, spirit groups and officials.

Sportsmanship is defined as those qualities of behavior that are characterized by generosity and genuine concern for others. That means everyone ~ opposing teams, coaches and fans. And, of course, respect for the officials.

Remember, competition is a game, not a war. To you parents: Please fill our stands in support of your sons and daughters. We encourage you to bring your friends and neighbors and attend what we believe always is one of the "best" shows in town! We only ask that you **BE A FAN, NOT A FANATIC.**

COMPETITIVE SCHEDULES

The main purpose of the interscholastic contest is to furnish equitable competition and reasonable opportunities for the highly skilled and specialized participants.

SUPERVISION OF FACILITIES

Under **NO CIRCUMSTANCES** is a student to be in a building of the Harvey or Fessenden-Bowdon Public School District without direct **ADVISOR / COACH SUPERVISION.**

LETTERS AND AWARDS

An award is a symbol of accomplishment. Its value lies in its implication rather than in its monetary worth. The purpose of an award is to give recognition to participants who exemplify the highest standards and who have met the criteria for such an award. It is important that criteria be determined and published to remove any question about the requirements for receiving an award. Each Coach/Advisor will determine the specific criteria for earning a letter in the activity pertaining to practices, participation, or scoring. Participants will be informed of the criteria prior to the beginning of the activity. The value of athletics lies in the participation itself; the award being the symbol of accomplishment.

FUND-RAISING

Prior approval in writing by the Activities Director must be received to participate in any fund-raising endeavor for activities sponsored by Harvey and Fessenden-Bowdon Public School Districts. All funds from approved fund-raising efforts must be deposited in the appropriate school fund-raising account as required by the NDCC.

PRESEASON PARENTAL MEETINGS

All head coaches are required to arrange a preseason meeting with parents/guardians to review school policy and rules and other requirements for their individual sports.

While differences of opinions will occasionally exist, parents and coaches should be working together to bring out the best in student-athletes. When differences do occur, it is imperative for all concerned that the difference be worked out as close to the source as is possible. If the chain of command has been followed and no workable resolution results, a parent or student may file a complaint form (see pages 17-19: KACB-E ~ Patron Complaint About Personnel Form Exhibit).

MEETINGS WITH ACTIVITIES DIRECTOR(S)

All head coaches are required to attend weekly meetings (or as otherwise determined) called by the Activities Director(s).

BOOSTER CLUBS

The Harvey and Fessenden-Bowdon Public School Districts recognizes each of the respective area Sports-Boosters Clubs. These clubs were established with the purpose of supporting, both financially and morally, and making possible deserved and equal recognition of all student participants. The Booster Clubs have been organized to develop a closer understanding of activities for both parents and students, to interact and further develop the relationship between parents, students, coaches, and the school, and to gain personal enjoyment from the schools' activity programs. The Booster Clubs shall completely refrain from interfering with the policies or operation of the individual activity programs and the schools as a whole. The Harvey and Fessenden-Bowdon Public School Activities Directors shall serve as the liaison between the school and the sports-boosters.

GIFTS AND BEQUESTS TO THE DISTRICT

The Superintendent, on behalf of the Board, is authorized to accept gifts to particular schools or the District. The Superintendent shall report such acceptance to the Board which shall officially acknowledge the gifts and thank the donors. In instances where the Superintendent doubts the appropriateness or usefulness of a gift, the decision shall be referred to the Board for its decision.

The Board may accept devises, legacies, bequests and gifts. Title to the property, real, personal, or mixed shall be held in trust under the terms and conditions provided. Unless otherwise provided, no part of such property not the income from the property shall be diverted or used for any other purpose.

RULES FOR OUT-OF-TOWN CONTESTS

On trips representing the school, each student must bear in mind that behavior reflects not only upon the student but also upon the school and community. Therefore, each student shall be accountable for any adverse publicity that is the result of inappropriate behavior. Whenever students are participating in a school sponsored activity, it is required that they ride to and return from the activity by means of transportation provided by the school. A student that rides to a game out of town on the bus must return on the bus unless parents are present and the student is released to the parent. If a student is riding home with parents other than their own, the student must present to the coach/advisor written permission from one's parents in advance to get permission from the Advisor/Coach and prior approval must be received from the principal or activities director.

During the months of inclement weather, participants are required to be properly clothed and prepared for any emergency that might arise on their bus. All students must be wearing, or have in their possession, overshoes or boots, adequate head covering, mittens or gloves, and in general, warm clothing to safeguard the health and safety of the students. Generally, no activity busses will be permitted to travel should the temperature and wind chill factor be - 60^o.

GENERAL CONDUCT

The Harvey and Fessenden-Bowdon Public School Districts expects students in activities to be good citizens about school and in the community. A student in activities is in the public eye. When in activities, the student holds a position of influence. It is the student's responsibility to set a good example for other students and be a credit to their respective schools. Students are expected to exercise a high state of social maturity through self-discipline.

CITIZENSHIP

Suspensions of from one to six weeks may be imposed by the Coach/Advisor, Activities Director, or Principal, for acts of poor citizenship that are detrimental to the image of their respective schools.

MINIMUM ATHLETIC/PARTICIPANT TRAINING HOURS

The minimum training hours for athletes/participants are 10:30 PM on week-nights (*Sunday through Thursday*) and nights before contests. On weekends, training hours are 12:30 AM. Coaches may require additional or more stringent training hours or rules and may also extend training hours under special circumstances as prearranged with the coach.

PRACTICE ATTENDANCE

Attendance is required at all practice sessions. Attendance in school, *for the full day*, is required for the participation in daily practice or contests. Being absent from practice is excused only for medical or family emergencies. All absences for other reasons must be prearranged with the Coach/Advisor and will be judged as excused or unexcused.

STUDENT ATTENDANCE IN SCHOOL

Student participants should be in attendance for the *full school day* of a scheduled activity. Absenteeism for other than acceptable reasons will mean suspension from participation in the activity scheduled for that date or participation in the next scheduled activity. Acceptable reasons for being absent include emergency, illness, and medical appointment.

ACTIVITY INJURIES POLICY

Whenever an injury occurs, no matter how minor it may seem, promptly complete an injury report and submit to the Activities Director.

ACADEMIC ELIGIBILITY ~ WEEKLY REQUIREMENTS

Weekly eligibility will be coordinated with the staff and by the principal and activities director. Eligibility for participation in NDHSAA sponsored and competitive club activities is determined by this school policy. Weekly, each student, before representing Harvey or Fessenden-Bowdon Public School Districts in any NDHSAA sponsored or competitive club activity, must have verified eligibility. The school will verify the student's eligibility by providing an eligibility sheet, listing all students that are currently engaged in activities covered by this policy. Eligibility for all participating students shall begin at 7:00 AM Monday, and continue until the next Monday at 7:00 AM. This policy is designed to give each student an opportunity to compete weekly, if the student is eligible.

Reasons for a Teacher Initialing a Student for a Particular Work

1. Failing work

The rules for weekly eligibility are as follows:

- 1. If a student is failing two different classes on the weekly eligibility sheet, the student is not eligible to participate in any activities covered by this policy for the following week. Parents are to be notified of the ineligibility by the Activities Director or a designate.**
- 2. If a student is failing a class for two consecutive weeks the student is ineligible to participate in any activities covered by this policy for the following week. Parents are to be notified of the ineligibility by the Activities Director or designate.**
- 3. The grade for determining eligibility must be computed using the cumulative total for the nine week or semester grading period.**
- 4. At the end of a 9-week grading period, any student that receives one or more failing grades on their report card will be ineligible for the week after report cards have been issued.**
- 5. In accordance with NDHSAA regulations at the end of a semester grading period, any student not passing 4 subjects will be immediately ineligible until after the first 4½ weeks of the next semester.**
- 6. A student may appeal an ineligibility to the building principal. The principal or designate will investigate the student's appeal and rule on the eligibility for the week.**
- 7. A student that is failing for two consecutive weeks in a class is highly encouraged to meet with the teacher giving the failing grade to work at improving this grade. The student's parents are also encouraged to make contact with the instructor.**

The following procedures will govern the handling of eligibility sheets.

- 1. Reminders to Staff will be provided by noon Tuesday.**
- 2. If a student is absent and fails to make up work or receives failing grades because of this work, this is marked as failing on the next eligibility sheet.**
- 3. The parents of all students failing classes will be notified by letter from the Activities Director.**

The second violation would be for 18 weeks.

Policy FFE ~ Extracurricular Participation Requirements

Philosophy:

The Board believes that participation in extracurricular activities constitutes a privilege and not a right. Students who participate in extracurricular activities represent the student body, School District, and community on a local, state, and national level. As such, the behavior of these students is a reflection of the entire community.

The District (*and Coop*) will enforce the requirements placed on extracurricular participants by the North Dakota High School Activities Association (*NDHSAA*), which govern both on and off campus behavior. In addition, the Board has established the following extracurricular participation requirements.

Activities Affected by this Policy:

Activities affected by this policy shall include extracurricular activities as listed in the student handbook, including those not sponsored by NDHSAA. These activities include, but are not limited to all Sports, Cheerleading, Prom, Homecoming, SnoFest, Student Government, Student Organizations (*FBLA, FCCLA, FFA, Student Council, and SADD*), Vocal & Instrumental Music Competition, Drama, Speech, School Paper, Annual Staff, National Honor Society, and all related activities/events associated with these groups.

Tobacco, Alcohol & Other Drug Use:

In addition to the tobacco, alcohol, and other drug prohibitions contained in NDHSAA bylaws, the District prohibits student presence at a gathering where alcohol, tobacco, or a controlled substance is being illegally used. Student presence at such a gathering will be regarded as possession. The building principal will take into consideration whether the student was at a gathering where the student had knowledge that alcohol, tobacco, or controlled substance were being illegally used, and whether or not the student had a reasonable opportunity to remove him/herself from said location. The disciplinary consequences for violating this rule shall be suspension from extracurricular participation for the same duration as prescribed for tobacco, alcohol, and other drug possession by NDHSAA bylaws.

Academics:

NDHSAA requires that local Districts establish a definition of what constitutes a failing grade. For the purposes of this policy, a failing grade is defined as receiving a 69.49% or lower in any curricular course as computed from the beginning of the semester for regular education students or, in the case of special education students, not meeting the goals of Individual Education Programs as assessed from the beginning of the semester.

Violation of Other Misconduct Policies:

Students who violate student conduct policies not covered by NDHSAA bylaws may be subject to suspension from extracurricular activities for anywhere from one event/activity up to a period of eighteen (18) weeks for subsequent offense(s) within the same school year. Such consequences shall be imposed in addition to other disciplinary consequences imposed under the applicable policy.

When the principal deems suspension from extracurricular participation necessary, s/he shall follow the procedure for suspension from extracurricular participation required by NDHSAA bylaws.

Practice and Travel while Suspended:

Students who are under suspension are encouraged to practice and travel with their respective teams. However, suspended students will not be allowed to miss school time to travel with the team.

Period of Enforcement:

This policy shall be in effect year round, with the year running from June 15th ~ June 14th.
