Agenda items:

1. **Visual and Performing Arts Curriculum, K-12 Approval.** You approved the curriculum when it was brought to you a year ago, but due to the pandemic it was never presented to the full board for approval. We hope it can be in Feb. but thought it would be good to reshare it with this Committee prior to that.

2. **Update from K-5 Math Curriculum Review Committee** This program review committee will not complete its work of reviewing and recommending a program for future use in gr. K-5 until at least the end of this school year. However, Abby Shink, K-12 Mathematics Coach will update us on the committee's process (including use of the IMET, attached) and progress to date.

3. **Future Agenda Topics**
State assessments - update?
District assessments (NWEA follow-up discussion)?
MCHS - new courses / changes in program of study 20-21 Nancy H

Next Meeting date 4/28/21 4:00pm
