January 22, 2021

Hello Warrior Staff and Families:

You are receiving this message because you/your child have been randomly selected to be COVID-19 rapid tested in the month of February. This process is required by the Governor's Micro Cluster Strategy and is **CRITICALLY** important for our district to remain offering in-person instruction in the hybrid model while our region remains in the Orange Zone designation.

Please click the link below to complete the digital consent form.

Everyone who receives this letter must complete the form linked below to determine your consent to participate (you will choose to GIVE or NOT GIVE consent on this form). ***Please check your email for an additional message that will specify who has been randomly selected to be tested.*** Please note that all members of a family are not required to be tested. Only those that have been randomly selected AND are listed in the email message from jdonner@tonacsd.org are being asked for consent to be tested.

Digital Consent Form: <https://forms.gle/5ieYBJZrpmgsLCCT9>

Please complete the digital consent form, linked above, by Tuesday, January 26, at 9am.

In the near future, once the consent forms are received, the locations, dates, and times will be provided to those who provide consent. If you do not consent, you or your child can remain in school. Medical personnel performing the tests have been trained. If you/your child have a test performed within the month of January before the day you are tested, you may provide the district with your test results in lieu of being tested in the district.

Sincerely,

Amy Edgerton

Jessi Donner
