RE: Pre-School Moved to Remote Instruction/Learning

Over the weekend our Elementary staff was notified about pre-school students who have tested positive for COVID. All students, families, and staff who are potential close contacts have been notified. For the next week at minimum, our pre-school will operate via remote learning/instruction. Based on several factors remote instruction/learning may continue for another week. Our pre-school students and families will be kept informed about our next steps through communication from school staff.

The district would like to express our appreciation to all of our pre-school families for their assistance during this temporary change to remote instruction/learning. We would also like to express our appreciation for the notification from our families on their circumstances as it relates to COVID testing, which has helped the program make a change quickly.
