- Last day of 2nd quarter

### Friday, Jan 29

- Grading Day **A+**
- No school for students

---

**This message is for the parents of students who do not take the bus to school. This message is only intended for those who walk, ride or have their parents drop them off.**

1. In order to comply with ODE requirements for social distancing we ask that 5th and 6th grade students enter campus through a side gate located on the side of the school.
2. The 7th and 8th grade students need to enter campus through the front doors of the middle school. There will be middle school staff at each door with signs to help students with this new process.
3. All students will exit campus through the same doors they entered.
4. Your student's teachers will be talking this over with them, as well.

- **Student Immunizations must be up to date and on file at the school.** Exclusion day is February 17, 2021. All children who are not up-to-date or complete on their immunizations will be **excluded** from their **school** or child care facility.
- **Valentine's Cookie Kit Fundraiser** flyers will be sent home with your students this week. A copy of the flyer has been attached to this email as well. Proceeds from the kits sold by 5-8 grade students will go into HMS student body funds for future activities. All checks must be made out to HES. Order forms and money are due back to the office by February 4th. Orders must be picked up on February 11th.
- **Dropbox** - White dropbox located up against the building in between the Elementary and Middle school on 6th st. This is a great way to have contactless dropoff when returning any library and textbooks.
- **Don't miss any updates from HSD!**
  1. Search 'Harrisburg School District 7J' in your phones app store and download the app.
  2. Select 'ALLOW' when prompted on initial download to ensure you receive the notification.
  3. Open the app and navigate to the bottom menu for 'SETTINGS'.
  4. Ensure your settings are turned on and your organization is selected
- **Harrisburg Middle School's Yearbook Program needs your help!** Due to the nature of this school year, getting photos is difficult. Below is a link to a Google Form, please take a look at the different categories to see what types of photos we are looking for. Any photos that you wish to contribute would be so helpful in creating a Yearbook that will serve as a lasting memory for our 5th - 8th grade students. Please contact Miss. Rivas if you have any questions at [elizabeth.rivas@harrisburg.k12.or.us](mailto:elizabeth.rivas@harrisburg.k12.or.us).
- **Lifetouch + Shutterfly** have come together to make sure your k-12 school pictures collection is not compromised. This year only, through the convenience of the Shutterfly app, you can capture a quick snap, add your favorite Lifetouch background and order a picture package all while @home! The link is listed below.
- **USDA passed a nationwide SFSP extension in October, free school lunches will continue until the end of June!**

## Superintendent's Message

Bryan Starr

Dear Harrisburg School District Families,

We are happy to announce that we have purchased Go Guardian, an internet security software that will protect and safeguard your children while they are using district issued equipment. Go Guardian protects students by limiting the websites they can access and allows their teachers to see what websites they have been accessing while using district issued chromebooks and while on the school district's network. There are also many internet security threats that exist and Go Guardian is how we protect our students from those threats, as well. However, due to the nature of the protection that Go Guardian provides us, and that we have it installed on every district issued chromebook we are unable to allow students to bring their own personal chromebook, laptop, or iPad to school.

Additionally, we would like all Harrisburg School District (HSD) students to use HSD devices while on campus as a way to maintain equity of education while here. Each school has apps and websites that teachers and students can use at any point during the day. All district devices have been set-up to ensure that all students have equal access to the apps that pertain to them. This way we can ensure that all students have the exact same access to the educational processes that teachers are providing.

If you have any questions or concerns, please feel free to contact our technology coordinator, Paul Lambert at [paul.lambert@harrisburg.k12.or.us](mailto:paul.lambert@harrisburg.k12.or.us).

Thank you for your understanding on this matter.
