Dear parents and community members,

It's go time for Charleston High School athletics! As we begin home contests on February 1st, we have some important pieces of information that all of our families need to know.

There is a 50 person spectator capacity limit under Phase 4 of the IDPH Restore Illinois Plan. Entry will only be allowed to the games if the individual has a game pass, which will be provided to the players prior to their first game. The families and players may determine how to distribute them and do not have to give them to the same people for each game. Please keep your pass readily available throughout the game, in the event that CHS staff asks to see it. There will be no admission cost for entry this year. Also, there will be no concession sales at this time.

At the time of entry, you will have a quick health screening. A CHS staff member will take your temperature, and ask you about Covid Symptoms or known exposures. If you have symptoms or known exposures, you will not be allowed to enter the game. You must wear a face covering and maintain social distancing from non-family members throughout the course of the game. These rules are set by IDPH and IHSA. Failure to comply will result in removal from the contest.

After you enter, there will be certain areas restricted to spectators. No spectators will be allowed to sit on the ground level. Both sides of Baker Gym balconies will have bleachers available for our fans. One side of the ground level will be for benches for the competing teams, while the other side will be for student athletes not currently competing (JV during Varsity contests and vice versa) and media personnel.

If you are unable to attend, all of our games will be livestreamed. Home games can be livestreamed at the YouTube link below. Please subscribe to our channel to get notifications when we are live. Links to away contests will be provided prior to the game on our website.

Schedules are available on our website or at the links below.
