

Chartwells Health & Wellness Update for Barrington 12/02/2020 Meeting

We continue to feed Barrington students breakfast and lunch under emergency feeding guidelines. In addition, we are continuing to feed distant learners breakfast and lunch daily.

On November 24th we were able to offer a Grab-n-Go type Harvest meal for students. This was offered on a preordered basis. The meals included Roasted Turkey, mashed potatoes, butternut squash, Macintosh apples, dinner roll. The fruit and vegetables were from local farms including Young Family Farm, Confreda Farm, Steere Orchards and Calise Bakery. Breakfast packs featured local Shri items. Recipes were included.
