

Memo

To: All CMS Principals & Staff
From: Kevin Dillon
Date: 2/2/2021 Revised 2/8/2021
Re: Buildings Disinfecting Process

To help establish consistency regarding disinfecting our CMS Buildings we have the following;

- Wednesday's will be the district's deep cleaning day which will include fogging of the facilities utilizing the RE-JUV-NAL product (hospital grade disinfectant / cleaner). This same product is used to clean while mopping and surface cleaning throughout the facility;
 - *RE-JUV-NAL's* Antibacterial **Cleaner** kills 99.9% of **bacteria** within 5 seconds of application. This **product** is formulated to disinfect hard, non-porous surfaces including glazed porcelain, glazed ceramic tile, linoleum, vinyl, plastic and more in given areas.
- The district also procured the surface disinfecting treatment (The Germinator) to be applied throughout all district facilities. This product is developed to provide protection for a **3-month period**;
 - *Step 1: Genesis is a one-step cleaner and broad-spectrum sanitizer and disinfectant treatment determined to meet the criteria for use against SARS-CoV-2, the virus that causes COVID-19.*
 - *Step 2: Application of Bacteriostatic Finish: Shield an application which creates an invisible barrier that combats deterioration and discoloration and promotes freshness for up to 3 months.*
 - *For more information; <https://www.thegerminator.com>*
 - *Our next treatment is planned during spring break.*
- Please, **DO NOT** purchase disinfecting products that are not vetted through the CMS warehouse. This is mainly to insure the use of proper CDC approved disinfecting products are being used throughout CMS.

****If you feel additional cleaning or disinfecting is needed in your area all teachers were given a spray bottle as part of their COVID packages distributed earlier this year. The bottle can be filled with the Rejuvenate product (custodians will have to mix the product) and be sprayed on the given surfaces in question let sit for 5 seconds and then wipe off. Please note this is purely an optional effort if individuals feel the need.****
