SCOTT T. MCCUE
SUPERINTENDENT OF SCHOOLS

February 3, 2021

Dear School Community Member:

This letter is to inform you that an individual at Vetter School has tested positive for Coronavirus Disease 2019 (COVID-19). The District is coordinating closely with public health officials and following CDC, state, and local health department guidance in order to assure the health and safety of our community. Contact tracing is being performed through the Monmouth County Health Department. There are no additional actions for you to take at this time unless you are directly contacted by school or health officials.

Cleaning and disinfecting of all exposed areas has been completed. The school also is taking precautions to prevent the introduction and spread of viruses and other germs and is cleaning frequently touched surfaces daily. The status of this situation is fluid, and we are monitoring it closely.

We understand the level of concern regarding COVID-19. We encourage parents, students, and staff to continue following the [Centers for Disease Control & Prevention](#) promoted safeguards, such as:

- Staying home when you are sick;
- Washing hands often with soap for at least 20 seconds;
- Covering coughs and sneezes and properly disposing of tissues;
- Limiting close contact with people who are sick and not sharing food, drinks and utensils;
- Practicing social distancing (staying at least 6 feet apart);
- Wearing a face covering while in school; and
- Continuing to monitor your health for symptoms.

As always, we appreciate our community's support and cooperation. You can assist us by remaining vigilant but sensible in your approach to dealing with this health concern. Below are some resources that might be helpful.
