

Policy Advisory Committee
2020-2021 Mid-Year Report to the School Committee

The Policy Committee has been meeting monthly throughout the summer and into the 2020-2021 school year. The committee is comprised of the Superintendent, Assistant Superintendent, and two members of the School Committee.

The committee has actively developed, reviewed, and revised a number of policies in response to the COVID-19 pandemic. In addition, the committee has been working closely with legal counsel on policies related to changes in our school handbooks, as well as changes in state mandates. The committee is also looking at ways to organize the policy manual going forward and develop a more systematic way to review policies through various lenses with the aid of other advisory committees.
