JH Boys Basketball

All of the junior high boys got better from the beginning of the season to the end. They showed their resilience and flexibility throughout the year with having to start and stop multiple times. The A-team finished with a record of 3-4, and 2nd place in the FHJL tournament. The B-team finished with a record of 3-4 and the C-team finished with a record of 3-2.

JH Girls Basketball

C Team only got to play 5 games, B Team 7 and A Team 8.

The B team ended up winning the B Team tournament. We beat Chase County and North Lyon County.

The A Team got 3rd in the A Team tournament . We beat Lyndon in the first round, took an undefeated Osage team to overtime before losing in the semifinals, then we beat Council Grove for 3rd.

It was definitely a challenging season. We started practice as normal and the day before our first game, we found out we couldn't play. Then we went remote until after Thanksgiving. We came back, had one practice (after two and a half weeks off) and then played our first game. It was rough, but I thought the girls responded well and was happy to see us play well at the tournament.

JH Cheer

“Our Junior High Cheer season wrapped up with the JH league tournament. Though this season was very different from any other. The girls did a great job representing our squad and MV. This season, our girls cheered with and without masks, on the sidelines and in the stands, and for a virtual audience. We are proud of the squad for how they have handled this very different season and how much they have grown and learned this season.” - Coach Bisnett
