

Screening

VISION

All students in grades 1 and 3 will be screened for vision problems at the beginning of the school year. Students in grades K, 2, and 4 who wear glasses or have had previous borderline results of vision testing or are new to Westview, will also be screened. In all cases a note will be sent home if a referral to an eye doctor for more complete testing is indicated. Teachers and parents may request vision screening for any student during the school year.

HEARING

All students in grades 1 and 4 will be screened for hearing problems early in the school year. Guidelines for additional screenings are the same as for the vision screening.
