February 9, 2021

Dear Parents and Caregivers,

Thank you for being a part of the North Little Rock School District. We are grateful that you have entrusted us with your child's education. We value this opportunity to provide high quality teaching and learning to meet the individual needs of each student.

We are already preparing for the 2021-2022 school year. As a district, we understand and value that every child learns differently as our primary goal is to reach students where they are with the necessary support. As a result, we are proud to announce that we will offer a Virtual Learning Program 2.0 during the 2021-2022 school year for students in grades K-12 who thrive in such an approach to instructional delivery. However, the Virtual Learning Program 2.0 being planned for next school year will be unique as students will need to meet specific criteria in order to determine if virtual learning is the most appropriate mode of instruction to meet the academic and social and emotional needs of each child. More detailed information will follow as we begin to gather data from individual parents and caregivers.

Therefore, if you are interested in your student(s) to receive instruction virtually for the 2021-2022 school year, please take a few minutes to [click here to complete a survey](#). The deadline to complete the short survey is **Friday, February 26, 2021**. This survey will allow district and school leaders to determine the number of parents and caregivers interested in the Virtual Learning Program 2.0 for next year. If you have any questions, please reach out to Dr. Brouke Reynolds, Interim Virtual Academy Director/District Testing Coordinator, by email at [reynoldsb@nlrsd.org](mailto:reynoldsb@nlrsd.org) or by phone at (501) 960-3839.

Again, we thank you for being a part of the North Little Rock School District. We are proud to partner with you as we prepare our students for the world.

Sincerely,

Gregory J. Pilewski, Ed.D.  
Superintendent
