

## Maud ISD School Health Advisory Council

January 27, 2021 Meeting Minutes

---

Zoom Meeting Attendance: Amanda Sanders, Debbie Johnson, Latriesha Grandy, Kayla Harrell, Necy Jennings, Susan Bailey, George Frost, Toni Braley, Ashley Carlow, Mary Copeland, Adam Ragland, Chris Bradshaw, Joel Windham

The agenda and minutes were emailed to SHAC committee members prior to today's meeting. There was a first by Mary Copeland and a second by Toni Braley to accept the minutes as presented. All were in favor.

Nurse Necy Jennings gave a school nurse update. She informed the committee that there is a mixture of illness among the students and staff at this time, which is understandable for the time of year. She also mentioned that she will be looking at the "Hands Only CPR" and "Stop the Bleed" rosters to make sure the students have what they need to graduate. If possible, some of the courses may be postponed for now due to the coronavirus pandemic.

Nurse Necy Jennings informed the SHAC members that it is time for a Wellness Plan Evaluation. Adam Ragland, Amanda Sanders, Mary Copeland, and Necy Jennings agreed to review the plan and present the results of the review at the next SHAC meeting.

Nurse Jennings updated the members on the current trends regarding students and staff members testing positive for Covid-19 or being quarantined due to a "high risk" exposure. The first week returning to school was primarily related to Christmas break exposures. The second and third week were of mix of quarantined students/staff and those with symptoms and/or testing positive for the coronavirus. The 4<sup>th</sup> week has seen a leveling off from those previous numbers.

The next SHAC meeting will be held Wednesday, March 31, 2021, at 1:00 via Zoom. There was a motion by Adam Ragland and a second by Mary Copeland to adjourn the meeting. All were in favor.
