February 10th, 2021

Chilhowee Families,

Up to this point our school district has been very fortunate in regards to Covid-19. Unfortunately we are taking a hit this week. We currently have 11% of our student population and 28% of our staff population either isolated or quarantined. For that reason we will continue with live virtual classes this week and next week, which is February 11th - 19th.

Things to know:

- Next week we will continue utilizing the virtual learning schedule that we used this week.
- For the safety of students, staff, and the community:
 - Learning Club will be cancelled
 - Meals will not be served.
- For those families who lack the necessary internet service to facilitate their child's participation in live virtual classes: we have a limited number of mobile hotspots that families can check out (just as a student would check out a library book or athletic uniform).
- To check out a mobile hotspot, please call the school and schedule a time to pick up a hotspot.
- All home games will be cancelled for this week and next.
- Please remember, February 15th is Presidents Day. There is no school for students or staff that day and therefore no virtual classes.
- We plan to reopen on Monday, February 22nd for Distance Learning Monday.
- Students will be back in the building on Tuesday, February 23rd.

Thank you, please be safe and stay healthy,

Joe Murphy
Superintendent
Chilhowee R-IV School District
