# NYS Travel Restrictions and School Attendance

As mid-winter break approaches, the District wants to ensure that your child is able to return to school once school is back in session. If families intend to travel, it is important that you have the information you need.

Please note the following requirements issued by New York state regarding travel due to COVID-19:

Any student who travels to a non-contiguous state, that is another state other than Pennsylvania, New Jersey, Connecticut, Massachusetts or Vermont for more than 24 hours **must**:

- Obtain a COVID-19 diagnostic test within (3) days of departure from that state you visited.
- Upon arrival in New York, complete the [traveler health form](#) and quarantine for (3) days; and
- On the fourth day, obtain another COVID-19 test.
- If both tests are negative, the student may exit quarantine and return to in-person school.
- If you choose not to test your child, he/she must quarantine for 10 days upon arrival back in New York state.

Travelers who leave New York State for less than 24 hours do not need to obtain a diagnostic test before departing and do not need to quarantine upon return. However, such travelers must fill out the traveler form upon entry and must obtain a diagnostic test on the fourth day after arrival in New York.

Thank you for your help in supporting student attendance in our schools and programs. If you have any questions please contact your child's principal.
