Attention 7th & 8th Grade Parents

Our 7th and 8th grade students will take part in a health survey on March 17th. The survey asks important questions about students' experiences with drugs and alcohol and how they feel about their school and community. The results will help us understand how to keep kids safe, healthy, drug-free, and resilient. The entire process is virtual! Students will take the survey in person or remotely from home (or a combination of both). All of the information collected will be kept anonymous and private. Grade 7 and 8 parents, you should have received an email about the survey yesterday. Please review it and complete the consent form. Your child will receive a \$5 gift card, whether you say yes or no.
