RE: Remote learning

Vysehrad ISD has offered the option of remote instruction since the beginning of the 2020-2021 school year as a temporary response to COVID-19. Vysehrad ISD has not seen an outbreak in COVID-19. We have taken several measures to keep students and staff safe. These measures can be found in the Vysehrad ISD Return to School Plan. Everyone has worked hard to ensure we can continue face-to-face instruction.

Considering that Vysehrad has not seen an outbreak in COVID cases, Vysehrad ISD has made the decision to end remote instruction effective Tuesday, October 13, 2020. If we begin to see a rise in cases we may revisit this topic. If your child tests positive for COVID or is required to quarantine, we will offer instructional support as we would for any other illness.

Vysehrad ISD is not mandating that your child return to school. There are several options you may choose from to meet the educational needs of your child. These options include: returning to campus for face-to-face instruction, withdrawal to home school, enroll in a private school, or transfer to a district that offers remote learning. Any of the options listed above will meet the requirements for the compulsory education laws.

We look forward to our current remote learners joining us on Tuesday, October 13, 2020 for face-to-face instruction. If you have any questions please contact, please contact the superintendent.

Sincerely,

Jason Appelt

Superintendent Vysehrad ISD
